

I know that it is freezing, but I think we have to walk
I keep waving at the taxi's, they keep turning their lights off
But Julie knows a party at West side where some actors loft
Supplies are endless in the evening by the morning they'll be gone,
Havanin dondurucu oldugunu biliyorum fakat sanirim yurumek zorunda kalacagiz.
Taksilere durmalari icin el salliyorum onlar da farlarini sonduruyorlar.
Fakat Julie 'nin bildigi Bati Yakasi'nda bir parti var. Bazi aktorler burada (uyusturucudan) ucuyorlar.
Temin edilen seyler aksamlari sonsuz fakat sabahlari hic kalmiyorlar.
When everything is lonely I can be my own best friend
I'll get a coffee and the paper, have my own conversations
with the sidewalk and the pigeons and my window reflection
The mask I polish in the evening by the morning looks like shit
Etrafta hic birsey kalmadiginda kendimin en iyi arkadasi olabilirim.
Bir kahve ve bir gazete alacagim, ve kaldirimla ve guvercinlerle ve penceremdeki yansimalarla bir
sohbete baslayacagim.
Aksamlari parlattigim maske, sabahlari cok kotu gozukuyor.
And I know you have a heavy heart, I can feel it when we kiss
So many men stronger than me have thrown their backs out trying to lift it
But me I'm not a gamble, you can count on me to split
The love I sell you in the evening by the morning won't exist
Ve biliyorum ki sen duygularini kalbinde cok yogun yasiyorsun, bunu opustugumuzde
hissedebiliyorum.
Benden daha guclu insanlar sirtlarini onu kaldirmaya calismak icin kullaniyorlar.
Fakat ben bir bahis degilim, bana bu konuda guvenebilirsiniz.
Sana aksam verdigim askim sabaha kalmayacak.
You're looking skinny like a model with your eyes all painted black
Just keep going to the bathroom, always say you'll be right back
Well, it takes one to know one, kid, I think you've got it bad

But what's so easy in the evening by the morning's such a drag
Bir manken gibi zayıf duruyorsun ve gözlerini siyaha boyamışsın.
Banyoya gidiyorsun hemen donmen kosuluyla
Birinini anlaması gerekir, bu sende kötü bir alışkanlık olmuş.
Aksam çok kolay olan şey sabah çekilmez bir hal alıyor.
I got a flask inside my pocket, we can share it on the train
And if you promise to stay conscious I will try and do the same
We may die from medication, but we sure killed all the pain
But what was normal in the evening by the morning seems insane
Cebimde bir şişe var, trende beraber kullanabileceğimiz
Eğer ki sen ayık kalmaya söz verirsen ben de aynı şeyi yapmayı deneyeceğim
Butun bu dozlardan olabiliriz fakat kesin olan bir şey varsa o da acıyı yok ettiğimizdir.
Aksam normal bir olay sabah delice gözüküyor
And I'm not sure what the trouble was that started all of this
The reasons all have run away, but the feeling never did
It's not something I would recommend, but it is one way to live
Cause what is simple in the moonlight by the morning never is
Butun bunları başlatan sorun neydi tam bilmiyorum
Butun sebeplerden kaçtım fakat histen değil
Tavsiye edebileceğim bir şey değil fakat bu da yaşamın bir yolu.
Çünkü ay ışığı vurduğunda basit görünen sabah hiç de öyle değildir
And what's so simple in the moonlight now it's so complicated
And what's so simple in the moonlight, so simple in the moonlight
So simple in the moonlight...
Ve ay ışığı vurduğunda çok basit görünen şey şimdi çok karmaşık
Ve ay ışığında çok basit olan şey, ay ışığında çok basit
Ay ışığında çok basit"

,"The artist is American to the bone (b. 1949). As his first album titled 'Greetings from Asbury Park NJ' refers, the artist (a.k.a. BOSS) is from Freehold,New Jersey. He was born to a bus driver father and a secretary mother. His father wanted him to be a lawyer and thus study at college. He,in his teens, grew long hair and his father did not like that. He was born to be a rock star and even in a new style called Heartland Rock,his own definitive style. There are other Heartland Rockers such as Bob Seger but the Boss got his fame in his patriotic(American) penned, American working class lyrics. And so dense there is so much thinking on them needs to be done by the listener to gain the essence of his dramatic songs. He is so deep one can not predict how deep he is. I have witnessed B. Springsteen mentioned in many movies like 'The River'. He won his first Grammy when he composed the 'Streets of Philadelphia' Movie Soundtrack. He did what Dylan couldn't and Dylan did what he couldn't. Bob Dylan's maze of lyrics mean nothing to the ordinary listener, Springsteen's do. And the mix of rock and roll and the indepth lyrics pin down the listener.

Springsteen among some other musicians worked with a musician named Steve Van Zandt and the saxophone virtuoso Mr. Clarence Clemons, who fused his saxophone into the RnR like no one.

GREETINGS FROM ASBURY PARK,N.J.(1973)

This is the debut album from the Boss. Blinded by the Light and Growin' Up are the two sweet tracks. Mary Queen of Arkansas is a slow one. Lost in the Flood is the harbinger of what is to come on BORN TO RUN album. For You is my favorite track. Spirit in the Night is like a jazz piece. The last track tells how it is hard to be a saint in the city.

PLAYLIST: 1. Blinded By the Light 2. Growin' Up 3. Mary Queen of Arkansas 4. Does This Bus Stop at 82nd Streets 5. Lost in the Flood 6. The Angel 7. For You 8. Spirit in the Night 9. It's Hard to Be a Saint in the City

BORN TO RUN(1975)

This album was produced in a very low budget. However the success was so effective that Boss appeared simultaneously on Newsweek and Time magazines as a phenomenon after the launch of his third album (the title album). 'Thunder Road' , penned to a woman to persuade,who is afraid to come along with the hero. The hero says , 'i know it's too late but we can make it if we Run'. Stunning lyrics(available down)! 'Tenth Avenue Freezeout' features saxophone work by Mr. Clarence Clemons, a saxophonist turned old time heavyweight boxer. An injury ended his professional boxing career. The third song 'Night' and the fourth : 'Backstreets' need the attention of the listener. This is not pop music, remember. All through the recordings orchestration is employed. Just like Roy Orbison did in his times. Roy Orbison and Woody Guthrie, 2 musicians Boss was influenced by. The title track says it all:'We are the working class and we need to run and lose no time to make a living.' 'She is the One' , 'Meeting across the River'a slow song evolve into the ending track , the exciting, lustrous 'Jungleland'. And i believe the most complex song is this album ender. This record is , i believe, an essential.

DARKNESS ON THE EDGE OF TOWN(1978)

""just great"" would be sufficient to express this album in words. In the beginning 'Badlands' thunder into your ears , talking about the perdition of a man in his Badlands , where he hates to be and is in fact the Hell of a man's worst dreams. They make the poor man do the heavy work and the man complain. Adam and his son Caine are the topics of his second song Cain is the first vampire,a son of Adam

who slayed his brother . 'Something in the Night' is a slowly progressing ballad. 'Candy's Room' is no more than three minutes long but what a little more than 2 minutes pinner. My love affairs reminds me Candy. The tempo now is subdued in 'Racing in the Streets' and then uptempoed in the 6th song, 'The Promised Land' namely. 'Factory' is one of the ,i think ,the lowkeys of this album.'Streets of Fire' precedes the 9th song(see below) and, the eponymous track ends the album. The last track is another lowkey if i may say what i believe.

PLAYLIST: 1. Badlands 2. Adam Raised a Cain 3. Something in the night 4. Candy's Room 5. Racing in the Street 6. The Promised Land 7. Factory 8. Streets of Fire 9. Prove It All Night 10. Darkness on the Edge of Town

BORN in the USA(1984)

The definitive 80s album from the Boss. Born in the USA is a satirical song talking about Vietnam. Reagan blithely used it as a campaign song. Cover Me , he was covered before, right? Darlington County is the lowkey. Working on the Highway is rock n roll. Downbound Train, I'm on Fire, No Surrender, Bobby Jean, I'm Goin' Down, Dancing in the Dark, My Hometown. All in a row.

PLAYLIST: 1. Born in the U.S.A. 2. Cover Me 3. Darlington County 4. Working on the Highway 5. Downbound Train 6. I'm on Fire 7. No Surrender 8. Bobby Jean 9. I'm Goin' Down 10. Glory Days 11. Dancing in the Dark 12. My Hometown"

, "The band is of American origin. Founded in 1965 Jacksonville, Florida, they are the pioneers of the phenomenon known as SOUTHERN ROCK, leading just after the ALLMAN BROTHERS BAND. Homing 3 lead electroguitarists, they have taken ABB's cue to rocking harder and shorter jamming. Ronnie Van Zant was the major force, composing and singing before he died in plane accident along with some other members of the band in 1977. Many find his lyrics witty. For me good lyrics with good music plus southern style , boogey you loose! With and without Ronnie LYNRYD SKYNYRD rule.

The band took their name from the 3 founding members' highschool gym teacher named 'Leonard Skinner'. The LYNRYD SKYNYRD pronunciation is as (leen .ard .skin .nard). Ed King and Gary Rossington are among the founding members.

The major difference between L.Skynyrd and the ABB is, ABB had long improvisational playing which sometimes extended to 40 minutes without losing any note. L Skynyrd plays as well but their songs are of shorter nature. I find L.Skynyrd

making a more popular southern rock. (In fact Southern Rock is never a popular style you can not persuade everyone to listen to their music because mostly people would prefer listening to Madonnaeasily consummable music.)

PRONOUNCED LEHNERD SKINNERD (1973)

Debut album from raunchy boys of the South. Lynryd rocks the way ABB rocks except their songs are of shorter nature. Jamming is not as essential to Skynyrd as is to ABB. For only Freebird, let alone the others, this album is essential. I Ain't the One is the very first song in the cd and it is cleverly penned and composed. Tuesday's Gone is prone to many covers. It is a slow one. Gimme Three Steps is humorous. Simple Man is another slow number. Things Goin' On has antiSemitist lyrics.

PLAYLIST: 1. I Ain't the One 2. Tuesday's Gone 3. Gimme Three Steps 4. Simple Man 5. Things Goin' On 6. Mississippi Kid 7. Poison Whiskey 8. Free Bird

SECOND HELPING(1974)

The album opens with the legendary 'Sweet Home Alabama' a genius piece by Ronnie Van Zant. The following song 'I need You' takes the rhythm down, i do not like its position in the playlist. Don't Ask Me No Questions and Workin For Mca rock. Mca is the new label of the band. The Ballad Of Curtis Loew is about a white haired black man who has recently died. Swamp Music is a rocker. The Needle And The Spoon tells about the damages of the drug addiction. Call Me The Breeze is a J.J.Cale cover. This last song is my favorite.

PLAYLIST: 1. Sweet Home Alabama 2. I Need You 3. Don't Ask Me No Questions 4. Workin For Mca 5. The Ballad Of Curtis Loew 6. Swamp Music 7. The Needle And The Spoon 8. Call Me The Breeze

NUTHIN FANCY(1975)

Saturday Night Special is a cheap hand gun that you can enter a bar with. Cheap bars are called honky tonks. Cheating women make you mad. Railroads are good places to write a song on. I'm A Country Boy, so what? If you are on the hunt, that means you are seeking foxes. Am I Losin', if you are a loser that is right. Whiskey Rock A Roller, rock n roll and booze.

PLAYLIST: 1. Saturday Night Special 2. Cheatin' Woman 3. Railroad Song 4. I'm A Country Boy 5. On The Hunt 6. Am I Losin' 7. Made In The Shade 8. Whiskey Rock A Roller

GIMME BACK MY BULLETS(1976)

Nuthin Fancy is an indicator that the band has taken wrong directions. In their Nuthin Fancy album what they did was hard rock. With Gimme Back My Bullets, they are on the right Southern Rock Trend. The Southern rock came to a choking point by the mid 70s, for, virtually, every substyle was attempted and every fine tune created. Every Mother' Son bears resemblance to Simple Man on the debut. I love this song. Double Trouble, is a fine song as well, but more lively and vibrant. Searching is to be employed by the band in their many lyve efforts in the remaining days of the career of second nontrivial bands among the Southern rock bands. Check out the other songs to see why I have the opinion that the Southern rock genre had come to a halt. If you are a diehard fan, yes, you get an essentially good album. But I suggest you go for the earlier efforts by these raunchy boys from Florida.

PLAYLIST: 1. Gimme Back My Bullets 2. Every Mother' Son 3. Trust 4. I Got The Same Old Blues 5. Double Trouble 6. Roll Gypsy Roll 7. Searching 8. Cry For The Bad Man 9. All I Can Do Is Write About It

STREET SURVIVORS(1977)

Just after this album is prepared Ronnie Van Zant dies in a plane crash with 3 other band members. What's Your Nameş is the first mediocre track. That Smell is one of the best songs of this last masterpiece album of the Skynyrd. After the accident clashing with the issuing of this album the band was torn apart. I Know a Little is a fast one, listen to it. There is a Merle Haggard cover Honky Tonk Night Time Man .

PLAYLIST: 1. What's Your Nameş 2. That Smell 3. One More Time 4. I Know a Little 5. You Got That Right 6. I Never Dreamed 7. Honky Tonk Night Time Man 8. Ain't No Good Life

,"The band is American from GeorgiaMacon. And was founded in 1968. Duane Allman and Gregg Allman cofounded the band, hence the name ALLMAN BROTHERS. The group went through many lineup changes. The first lineup:Duane is the guitarist along with Mr. Richard Forrest Dickey Betts(he is a very talented person and is my favorite). Gregg plays the organ, piano and vocals. Jaimoe Jai Johanson (a former Otis Redding drummer)percussion. Mr. Butch Trucks is the other drummer. Berry Oakley is the bassist. Duane Allman died in a traffic accident(motorcycle) soon in 1973. Berry Oakley died a few blocks away and similar manner sometime around when Duane demised.

Their 'Brothers and Sisters'(1973) album was dedicated to a BROTHERBerry Oakley. As many other albums were dedicated to mostly a lost member. There are also some other tribute songs to their members from other groups, for instance LYNARD SKYNYARD's 'Free Bird' is a tribute to the passed on Duane.

We see D. Betts as the lead/slide guitarist and also the singer after the death of Duane. After Duane's death there was a lack of a guitarist so the band added session keyboardist Chuck Leavell on their 'Brothers and Sisters' album. Dickey Betts released some solo albums. He is the composer of the most splendid instrumental compositions like 'Jessica', 'In Memory of Elizabeth Reed', 'High Falls' IMoER is a tribute to Miles Davis.

Also Gregg Allman married twice to Cher and at end divorced again. Duane Allman played the slide guitar on Eric Clapton's DEREK AND THE DOMINOES's 'Layla'.

The ABB still is alive, issuing albums, performing live acts. Their lineup is prone to many changes, adding and letting go other musicians. These guys now in 2002 are in their fifties. Still producing and performing.

As the founder of what is called SOUTHERN ROCK, they are heroic monuments.

I still don't know if i should mention this but Mr.Dickey Betts is involved in a couple of incidents beating and threatening his wife(around 2002). And the band is trying to kick him out of ABB.

IDLEWILD SOUTH(1970)

This album smells Southern Rock. Anyway, Idlewild is a place in South America. What is Southern Rock? Well, as far as i know country rock and blues rock mingled with South American lyrics (those about the life in the south). The album opens with 'Revival' (meaning of revival: to become alive again) my first Southern Rock experience. Just like its title it is a refreshing song, makes the listener cheerful. 'Don't Keep Me Wondering' comes the second, 'Midnight Rider' a very popular ABB song and 'In Memory of Elizabeth Reed' follow. These three are all enjoyable to listen, the last one being instrumental. Maybe you have heard of Willie Dixon, he is the bluesman who before was a heavyweight boxer, and then he learns to play the bass guitar. Dixon is the creator of 'Hoochie Coochie Man' (hooch=marijuana, cooch=a

woman's genitals), their 5th song in the album. Drums here are unbelievable, make your blood boil. Also Berry Oakley is the singer in this song. It is supposed to be the best blues rock song sung by a white man. Gregg Allman sings the rest of the songs. 'Please Call Home' is a slow blues rock example (i don't like this much). Album ends with 'Leave My Blues At Home'. Dickey Betts is the creator of

'Revival' and 'In Memory of Elizabeth Reed', whereas all others by Gregg Allman.(of course except 'Hoochie Coochie Man' which is by Willie Dixon). Also on the album cover the black person may seem to be a woman he is a man.All Men.

PLAYLIST: 1. Revival 2. Don't Keep Me Wonderin' 3. Midnight Rider 4. In Memory of Elizabeth Reed 5. Hoochie Coochie Man 6. Please Call Home 7. Leave My Blues at Home

LIVE AT FILLMORE EAST(1971)

This is a MUST HAVE live album except i think the first 3 tracks are the lowkeys. These first three songs are of bluesrock type. And believe when i say they mar the beauty of what is to come in the rest of the album. Buy this for only last 4 tracks. And see what jamming is all about. And a flawless one. You Don't Love Me is inexplicable. Instrumentation, virtuosity, versatility. Hot 'Lanta reminds me of the soundtrack of the soap opera Streets of San Francisco. In Memory of Elizabeth Reed is a long great instrumental. Whipping Post by Gregg Allman is from the debut album of the band.

PLAYLIST: 1. Statesboro Blues 2. Done Somebody Wrong 3. Stormy Monday 4. You Don't Love Me 5. Hot 'Lanta 6. In Memory of Elizabeth Reed 7. Whipping Post

EAT A PEACH(1972)

This album is the last Duane Allman album. This album shines with One Way Out and it is a cover. Ain't Wastin' Time No More, the opener, is a good song. Les Brers in A Minor is a great instrumental, opening slow and going fast. Mountain Jam is a boring, very long jam. Melissa by Gregg Allman is a nice ballad. Blue Sky is also a good number from the Bros. All others are mediocre tracks to me but it is arguable.

PLAYLIST: 1. Ain't Wastin' Time No More 2. Les Brers In A Minor 3. Melissa 4. Mountain Jam 5. One Way Out 6. Trouble No More 7. Stand Back 8. Blue Sky 9. Little Martha

BROTHERS AND SISTERS(1973)

The boy on the cover is depicted as a kin to the band personnel on the inner page. There is a small girl at the back of the cd cover. In this album which is a tribute to recently died bassist Berry Oakley, we see Oakley in 3 of the songs. Lamar Williams is the new bassist in 4 other songs. Les Dudek is another added guitarist. We see 4 songs 'Ramblin Man', 'Southbound', 'Jessica' and 'Pony Boy' composed by D. Betts. Others are by Gregg Allman. 'Wasted Words' opens the album. The very popular 'Ramblin Man'(rambling=wandering) and 'Come and Go Blues' and 'Jelly Jelly' take us to 'Southbound'. 'Southbound' is a vibrant boogie song.The instrumental epic 'Jessica' makes you wonder how such a harmony in instrumentation and complexity are possible. 'Pony Boy' features slide guitar playing by Mr. Dickey Betts.

PLAYLIST: 1. Wasted Words 2. Ramblin' Man 3. Come And Go Blues 4. Jelly Jelly 5. Southbound 6. Jessica 7. Pony Boy

WIN, LOSE OR DRAW(1975)

Allman Bothers on the fall. Louisiana Lou And Three Card Monty John , a fast one. High Falls , above standard instrumental. This album is the indicator that ABB can not come up with any classic albums

like their early and mid70s albums. However, the instrumental wizard D. Betts shows no sign of weariness on writing the High Falls. High Falls is comparable to In Memory of Elizabeth Reed, Les Brers in A Minor and Jessica. Country style turned Allman Brothers, on this album, can not cheer up. These guys are Southern Rockers, the genre constricted by the mid70s, and this album clearly bears that mark. This album can be bought just because of its date(that is in range of 70s albums). But the question is does it worth the bucks ABB's decline signs surface as they enter the 80s, that is truly due to the fact of a constricted genre. Maybe you should get yourself an 80s effort by Molly Hatchet, instead.

PLAYLIST: 1. Can't Lose What You Never Had 2. Just Another Love Song 3. Nevertheless 4. Win, Lose Or Draw 5. Louisiana Lou And Three Card Monty John 6. High Falls 7. Sweet Mama

WIPE THE WINDOWS, CHECK THE OIL, DOLLAR GAS (1976)

A naive try to recapture the faded essence of the band`s jamming.An incomparable album to LIVE AT FILLMORE EAST. But I should mention that the cd has selections from Brothers And Sisters album which does not truly include long jam songs. Wasted Words is played the way it should be, that is: slow. But if you prefer a vibrant song jump to Southbound.Southbound is as brilliant as the studio version, and it truly is

a classic. Ramblin' Man is another live gem here. In Memory Of Elizabeth Reed is shorter than it is on LIVE AT FILLMORE EAST, this is a drawback, in my opinion. The great epic Jessica finishes the show.

PLAYLIST: 1. Introduction 2. Wasted Words 3. Southbound 4. Ramblin' Man 5. In Memory Of Elizabeth Reed 6. Ain't Wastin' Time No More 7. Come And Go Blues 8. Can't Lose What You Never Had 9. Don't Want You No More 10. It's Not My Cross To Bear 11. Jessica"

,"The band is from England. The English pioneers of heavy metal did really rock hard. The leader the guitar virtuoso is Ritchie Blackmore. They jammed hard. Roger Glover is on the bass. With Jon Lord on the organ. Their drummer Ian Paice got involved in one of John Mc Cartney's solo efforts. A great drummer.

DEEP PURPLE IN ROCK(1970)

This is one of the masterpieces of the band. On the cd front cover the band members are depicted as carved into the mountain Rushmore. Cool faces. In the

original cd there are first 7 tracks. I have the 25th anniversary edition with 20 tracks. Additional tracks are fun. Admittedly i hate Child in Time. Many people like that song. Speed King maybe pointed the way to Highway Star. I am not sure. Jam Stew is high up in tempo with guitar ripping and drumming.

PLAYLIST: 1. Speed King 2. Bloodsucker 3. Child in Time 4. Flight of the Rat 5. Into the Fire 6. Living Wreck 7. Hard Lovin' Man 8. Black Night 9. Studio Chat 10. Speed King 11. Studio Chat 12. MACHINE HEAD(1972)

This is a hardrocking studio masterpiece by one of my favorite bands. With Highway Star you are taken to a truck on the highway and believe me you feel you are inside that truck speeding and you are the king of the road. The second, third and fourth songs are not as good as the memorable riff of Smoke On the Water. Lazy and Space Truckin' rock hard as they jam. People keep on saying that the riff of Smoke on the Water is a mark in metal community. Space Truckin' is to be covered by OVERKILL in their Coverkill album.

PLAYLIST: 1. Highway Star 2. Maybe I'm a Leo 3. Pictures of Home 4. Never Before 5. Smoke on the Water 6. Lazy 7. Space Truckin'"

, "An opposition Senator in the Old Republic, Po Nudo represented the Aqualish people of Ando. He was present at Count Dooku's treasonous meeting of the minds on Geonosis that saw the formal formation of the Confederacy of Independent Systems.

Eski Cumhuriyet'te bir Karşıtlık Senatoru, Po Nudo, Ando'nun Aqualish Halk'ını temsil etti. Nudo, Kont Dooku'nun iktidar karşıtı, Geonosis'in düşünceleri farklı insanlardan oluşan toplantısında vardı. Bu toplantı Bağımsız Sistemler Konfederasyonu'nun metodik olusumuna tanık oldu.

During the Clone Wars, Nudo served on the Separatist Council, the board of executives that funded and governed the Confederacy of Independent Systems under Count Dooku and General Grievous. The former Senator was killed by Darth Vader when the Sith mastermind behind the Clone Wars no longer had need for the Separatists.

Klonlama Savaşları süresince, Nudo, Ayrılıkçı Konseyi'nde, Kont Dooku ve General Grievous(Grief=Uzuntu, Grievous=Uzuntulu)'ın emri altında hizmet etti. Bu konsey B.S.K.'nin yönetici ve fon sağlayıcı borduydu. Eski Senator, Darth Vader(Death Father) tarafından ne zaman ki Sith'in baskı ve Klon Savaşları'nın kilit adamı(arkasındaki adam) Ayrılıkçılara ihtiyaç duymamaya başlamıştı, öldürülmüştü.

The Aqualish of Ando have fostered a disdain for the Republic for decades. Upon first contact, violence broke out between the Republic and Andoan natives. The Republic initiated a demilitarization of the Andoan people for which the Aqualish have long been resentful.

When a flurry of secessions began spreading throughout the galaxy, sparked by Count Dooku and his growing Separatist movement, the planet Ando left the Republic. Po Nodu brought his resource rich world and holdings into the Separatist fold, even though other Aqualish colonies were very critical of the move and remained loyal to the Republic.

Ando'nun Aqualish Halkı onlarca senedir Cumhuriyet'e(Republic) nefret besliyordu. İlk karşılamalarında Reepublic ve Andoan yerlileri arasında siddet başladı. Republic, bunun üzerine, Andoan Halkı'na, ki bu halk Aqualish Halkı tarafından uzun süredir hiç sevilmiyordu, karşı silahsızlanma ve askeri birliklerinden arınması yönünde hazırlık başlattı. Galakside bir ayrılık rüzgarı yayılmaya başladığında, ki bu akım Kont Dooku ve O'nun buyuyen Ayrılıkçı Hareketi'nin eseri idi, Ando Gezegen'i Republic'ten ayrıldı. Po Nudo kaynak zengini dünyasını ve elindeki her şeyi Ayrılıkçı kanada aktardı hatta bunu diğer Aqualish Kolonileri'nin çok düşünerek Republic'e bağlı kalmalarına rağmen yaptı.

Never far from Supreme Chancellor Palpatine's side was his hauntingly pallid aide, Sly Moore. Laconic, with a piercing gaze, Moore occupied a position similar to Sei Taria's role in Supreme Chancellor Valorum's administration.

Hicbir zaman Yuksek Bakan Palpatin'in yanından ayrılmayan ve insanı hayrete düşürecek kadar soluk yardımcı Sly Moore vardı. Az konuşan Moore, delici bakışıyla Yuksek Bakan Valorum'un yönetimindeki Sei Taria'nın pozisyonuna benzer bir pozisyondaydı.

Sly Moore's taciturn demeanor kept her inner agenda unknown to most of her colleagues, though it was whispered that she possessed a very strong ambitious drive. Some gossiped that she somehow eliminated Sei Taria's from public office, paving her ascent to the Supreme Chancellor's side, though nothing conclusive has ever come to light.

Moore's enigmatic countenance derives from her Umbaran heritage. She is from a breed of nearhumans hailing from a shadowed planet deep in the Ghost Nebula.

Umbarans have an eerie reputation for being able to influence perhaps even control the minds of others.

Sly Moore'un sessiz hali O'nun iç dünyasını birçok yandaşına kapalı tutmasına yarlıyordu., ama söylenti oydur ki çok hırslıydı(içinde). Bazıları O'nun Sei Taria'nın, bir şekilde Ādari ve Halkla ilgili birimden atılmasını sağladığı ve böylece de Yuksek Başkan'ın yanına

kadar olan yükselişini sürdürdüğünü söyledi ama kesin olan(kanıtlanan) hiçbirsey yoktu. Moore'un gizemli yuzu Umbaran Halkı'nın bir üyesi olmasından dolayıydı. Moore, Ghost Nebula'da(Hayalet Bulut Kumesi) saklı bir gezegenin insanagenetikolarak yakın Irkından gelmekteydi. Umbaranlar söyle bir tanınmışlığa sahiptir ve bu biraz garip birseydir: baskarının akıllarını etkileme, hatta kontrol etme yetisindedirler.

Moore's piercing gaze can only see in the ultraviolet spectrum, and her seemingly colorless shadowcloak is in actuality adorned with intricate patterns visible only to her and similarly sighted beings.

Moore'un delici bakışı(uzun bakış) sadece morotesi spektrumu görebiliyordu ve neredeyse renksiz gölgepelerini, aslında karşık paternler ki bu paternler sadece

O'na ve O'nun görüşüne benzer görüşlü olanlara görünüyordu.

Of all of the Supreme Chancellor's aides, Moore is said to be the closest, and privy to the Chancellor's deepest secrets.

Moore, denilene göre bütün Yuksek Başkan'ın yardımcıları arasında, O'na en yakın ve Başkan'ın en bilinmeyen sırlarını biliyordu.

With an athletic build, an exotic beauty, and deep cerulean hue, Aayla Secura

stood out among the many faces of the Jedi ranks. She was a Jedi Knight during the twilight years of the order, and operated out of the Jedi Temple on Coruscant. During the Separatist crisis that threatened to split the Republic, Secura was a member of a 200 Jedi strong taskforce sent to the distant world of Geonosis to rescue captive Jedi. In the massive battle that ensued, Secura was one of the few survivors. She was brusquely marched by Geonosian warriors into a circle of Jedi survivors to await execution.

Atletik yapısı ve etkileyici güzelliğiyle ve derin masmavi görüntüsüyle, Aayla Secura sayıca çok olan Jedi rutbeli askerler arasındaydı. Düzen'in Alacakaranlık Seneleri'nde bir Jedi Sovalyesi idi ve Coruscant'taki Jedi Tapınağı'nda hizmet etti. Ayrılıkçı kriz Republic'i parçalamak üzere olduğu dönemlerde, Secura, 200 Jedi'den oluşan güçbirliği üyesiydi ve uzak dünya Geonosis'e kaçırlmış bir Jedi'yi kurtarmak üzere gönderilmisti. Yaklaşan güçlü savasta Secura, sağ kalanlardan biriydi. Kabaca Geonosian savaşçıları tarafından Jedilerden oluşan ve idamı bekleyen grubun arasına goturuldu.

The sudden arrival of clone trooper reinforcements spared her that fate. Secura would then lead her own squad of clone troopers into the thick of the Geonosian battle, her lightsaber shimmering in the billowing dust, forming a luminescent beacon for the trained Republic infantrymen to follow.

Klon Birlik Destekleyiciler'in ani gelisi O'na bu geleceği sağlamıstı. Secura daha sonra Klon birliklerinden oluşan grubunu Geonosia savaşının ortasına goturmüştü. Isık Kılıcı, dalga dalga gelen toz içinde eğitimli Republic askerlerine adeta bir fener gibi yol gösteriyordu.

Like her fellow Jedi, Secura became a general during the Clone Wars, leading clone trooper infantry on numerous campaigns in the epic conflict. During the Outer Rim Sieges, she was stationed on the colorful world of Felucia, trudging through the overgrown underbrush of the Commerce Guild planet with the valiant Star Corps clone troopers under her command.

Secura yandaş Jediler gibi Klon Savaşları'nda general olmuştü, Klon birliğini(piyadeler) bir çok görevde(büyük çakışma) kullanmıstı. Dış Kenar Kusatmaları boyunca Felucia'nın renkli dünyasında mevzilenmisti. Ticari

Birlik(Guild) gezegeninde, asırlı buyumüş çağlıklarını yararcasına, cesur Yıldız Savaşçılarına liderlik etmisti.

As General Secura approached the opposing Separatist forces, Chancellor Palpatine activated Order 66 on Coruscant, and contacted Aayla's clone officer, Commander Bly, via hologram. The executive command identified the Jedi as traitors to the Republic. Bly loyally carried out the order, raising his blaster rifle against his Jedi general.

General Secura karsıt Ayrılıkçı kuvvetlere yaklaştıkça, Başkan Palpatine Emir 66'yı Coruscant'ta aktive etti, ve Aayla'nın klon görevlisi Kumandan Bly'a hologramla ulaştı. Gerçekleştirilmesi gereken emir, Jediiler Republic'e isyan ediyor, gerekeni yaptı. Bly, sadakle emri uyguladı ve patlatıcı silahını Jedi generaline doğrulttu.

In a moment of distraction, as a native Felucian bird took wing and drew Aayla's attentions skyward, Bly and his troops opened fire, riddling Secura's body with blaster bolts and killing her.

Bir anlık dikkat kaybıyla ki bu kayıp bir Felucian uçağının (havatasız) havalanması sonucuydu, Aayla'nın dikkati göğe çevrildi. Bly ve birliği ateş açtı ve Secura'nın vücuduna mermilerini boşalttı ve Secura öldü."

Gecen 30 senede, yongalar üzerindeki tranzistorler milyonda birine indi, bu arada da bu yongaların üzerindeki manyetik elemanlar ancak 1000'de birine küçülebildi. Bu da onları, birçok devre semasındaki, en büyük, en çok ısınan, en az verimli birimler haline getirdi.

" Bilgisayarlardaki en çok bölgeyi onlar kaplıyorlar. Cep telefonları dünyadaki cep telefonları boyutundalar.", diyor Inframat Şirketi nanomateryaller firması, Farmington, Conn.'daki Sef Teknoloji Uzmanı Danny Xiao.

Inframat'tan ayrılarak başlı başına yeni bir firma olacak olan firma, magnetleri en az onda birine indirebileceklerini söylüyor ve belki de 100'de bir. Bunu da milyarda bir metre olan magnetik parçacık yüklü kompozitlerle başaracağını söylüyor. Eger, ki mümkün görünüyor, bu tip nanokompozitler, yongaların üstünde üretilebilirse, mühendisler daha küçük, esit derecede önem taşıyan, ve diğer her komponentten daha az ısınan bilgisayarlar dizayn edebilecekler.

Farmington'da olan başka bir firma, Embedded(Gümü) Nanomagnetics, halihazırda bir elektronik devreyle ortak olduğunu söylüyor. Bu dev firma, onder cep telefonu üreticisi, ve 2 hava defans sistemi kontraktçısı, adını da gizli tutuyor. İlerideki 24 ayda, en az bir firmaya teknolojisini lisanslamayı düşünüyor.

Manyetik elemanlar önemlidir, çünkü güç akısını düzenlerler, her komponentin gerekli voltajı almasını sağlarlar ve akımdaki ani çıkışlardan devreyi korurlar, gelen giden sinyallere yön vererek, antenlerin hem alıcı hem de verici olarak çalışmalarını sağlarlar.

Tokyo'nun kuzeyinde bir havaalanında, 16 Temmuz'da sadece A4 pilleriyle insanlı ucus rekorlara gecti. Bu alanda çok çekişme yok, fakat uçak sponsoru, Matsushita Elektrik Ind. Co. (Osaka), 160 bataryanın tümünü üretmiştir ve basarıdan gurur duymaktadır. 54 kg'lık uçak, o yaz günü 31 metre kanat genişliğiyle, pilotsuz, 391.4 metre uçtu.

Havada 59 saniye kalmayı basardı ve 5.2 metre yüksekliğe erişti. Matsushita Tokyo Teknoloji Enstitüsü'ndeki öğrencilere uçak dizayn edip, hayata geçirmelerini ve yeni Panasonic Oxyride Bataryalarını bu uçakta kullanarak, herkese göstermelerini istedi. Firmanın dedikine göre, enerjiyi anında tüketen Alkaline bataryalara göre daha üstüdü bu piller (Dijital kameralar, orneğin). Bataryalar karmaşık Alkalın kimyası kullanıyorlar ve bu durumda daha incetaneçikli filler (elektronikte semikonduktor terminolojisi, araştırınız) ve yeni bir tür Nikelbazlı Katod kullanılıyor.

,"Science of medicine is one of the healthrelated sciences which aims at humans getting knowledgeable about their innerstructure, and finding cures to diseases. In the evolving of this concept, doctors and professors play roles. Emergence of medicine had been largely depending on curative herbs. The living Man thus recuperated. And integrating this with belief in God, Man believed it was Godsent. However arising from such a belief, medicine systematically has been an everevolving science and heading to be an occupation. It had been born in different civilizations, with Egypt, China, India, Greece and Iran being the essential ones. In some regions, thosandsofyears employed medicine systems still today can find a place close to biomedicine. The most general medical system, biomedicine largely has been European centered during the 18th Century. The focii countries have been England and the States in the post1900's development of clinical medicine. As a branch, medicine (medical) science has been host to many other branches. For me, general surgery is the most crucial branch of them all. Because you have the opportunity to be knowledgeable on each of the branches. There is also the forensics, and it is possible to examine carcasses of humans and gain insight into humans' own systems."

The stress-related "broken heart syndrome" happens when, like: a beloved person has departed and people usually confuse it with the heart attack. On a research made on a group of people where the majority were women, it was found out that adrenaline rise, which temporarily paralyses the myocardium or the stress hormones cause the syndrome. Broken heart syndrome is temporary and leaves no permanent damage in the heart.

,"Dear Sir / Madam

My name is ..., I'm a 26 year old student at Freshman level at .. University Journalism Department. When I found out this kind of volunteering I immediately realized that I wanted to be part of it. With this letter I would like to apply as a volunteer participant in your EVS Project. I would like to bring you closer to how deeply I yearn to become a part of your team and why I think you would make a great decision in choosing me.

You are probably asking yourself why I'm so confident about myself and what uses I can offer more than someone else? As I have already mentioned, I am a student of Journalism and on the other hand, this will be my second degree. I have studied history for 4 years. History has also always captivated my interest. It is history that made of the world what it is today. The rich European history is very fascinating. And there are also many interesting aspects about today's Europe.

I'm a highly motivated, hardworking, tolerant and dynamic individual with expressed communication and organisational skills. During my time as a student I gathered up a big amount of experience in working with people in a wide range of jobs (from being a promoter, to a hostess, and a waitress) I have lived in the UK as au pair for 2 years. During that time, I have had the opportunity to improve my English. I also volunteered as a teaching assistant, I was helping Turkish originated children to learn and improve their Turkish. I have kept myself busy. Doing all that, I learned that I enjoy working with people and that it fully satisfies me. And I'm really good at it. I can easily adapt in any work environment and in group work. An individual work that requires an initiative and a responsible person with a sense of personal organisation do not cause me any trouble; I act equally good in both surroundings and I cope effectively with all kinds of demands put before me.

I'm computer literate and I speak, read and write English and a little bit of Persian. But I also think that there's a lot more work before me to achieve a level of a perfectly spoken Persian.

In private, I like sports and dancing. Depending on the degree of free time I have, and my mood, I do cycling, and I run, too. Also I adore reading. Whether it's daily or weekly press, and all sorts of magazines, novels, some Internet sites – from yellow pages to scientific articles, arts to love themes – I swallow it all in one breath. Any gathering or activity of all sorts, including people spending time together, will always draw my attention. I'm a big movie lover and I enjoy listening to music. And if

you add a good cup of coffee with a piece of cake accompanying it, plus my family and friends, with whom I share all my interests and some free time, that makes my winning choice.

I'm sure you have already got an idea of how much I would like to come and become a player in your team, but all the same, I shall use one more opportunity to express how strongly I desire to volunteer in your EVS Project and how I'm convinced I have a lot to contribute with my experience and personality as your team member. The changes and all the adjustments that I would confront do not frighten me, moreover, they would keep me challenged. For all the potential shortfalls that will occur I'm willing to compensate for them with my maximum effort and doing my best. I'm very ambitious, prepared to learn and ready to adopt new skills. I would be very grateful if you give me the chance to represent all my qualities and ambitions in person. As I have mentioned before, this opportunity means a lot to me and represents a big possibility in enriching myself as a person as well as developing myself in a professional sense.

I thank you for your time reading this letter and I eagerly await a positive response. If you have any questions, please do contact me through or through my personal email address

,"Please let us admonish the firm and SGS.

Hi,

I talked to Jackie, she said he / she probably did not take this subject into serious consideration. But, with the specimens we have, the tape seems unbound to the plastic part. The customer can put it in place in the way she / he pleases. Moreover, even if put in place, it can easily be taken off and put in the reverse position.

If you clarify the topic, we could warn the firm accordingly

thanks.

As Emir has stated the tape hook and loop, out of the device, comes upside down. Jacky's attended the SGS inspection, have not they figured it out?

The arm tape of PMP product, when first taken out of its box, I think the hook and loop part comes off upside down. I doubt it will be returned as customer complaint. Could you possibly take a new product as a specimen and check it and confirm.

If needed let us warn the firm on the new orders.

To inform you and awaiting comments from you."

Celebi The Traveller

Traveller, author and researcher Evliya Celebi was born in 1611.

Evliya Celebi whose real name is Dervish Mehmed Zilli, in the year 1611, was born in Kutahya according to some sources and in Istanbul, Unkapanl to others. His father, Dervish Mehmed Zilli was the head of the jewellery artists in the palace.

His family migrated from Kutahya to settle down in Unkapanl. After taking a private primary education, he studied at the madrasah. He learnt gilding, calligraphy and embroidery arts from his father. He underwent to the service of Murad the IV th through the help of his uncle Melek Ahmed Pasha.

In the introduction part of his brilliant work 'Seyahatname', he writes about once seeing Hz. Mohammad in his dream, and in spite of claiming an intercession (Şefaat) that he mistakenly said 'Travel (Seyahat) ya Resullah (Prophet of God)'. And mentions that Hz. Mohammad bestowed him the gift of being able to travel and see the far away countries.

Upon this dream, he started off to travel in Istanbul at the first place and write down what he heard or saw. In 1640's he traveled in Bursa, Izmit and Trabzon. In 1645, he went to Crimea to Bahadlr Giray's side.

He went on distant journeys with the important persons of the government and joined the wars as a letter carrier, a messenger.

In 1645, before the war ended with the takeover of Yanya, he was a missionary of Yusuf Pasha. In 1646, he took the job of being an accountant of Defterzade Mehmed Pasha. He journeyed to Eastern provinces, Azerbaijan and Georgia.

He once was given the mission of carrying letters to the khan of Revan. For this reason, he journeyed in Gumushane and Tortum districts. In 1648, he returned to Istanbul to travel to Damascus with Mustafa Pasha and traveled there for three years.

After 1651, he began to travel in Rumeli and for a time he was in Sofia. Between the years 1667-1670 he traveled in Austria, Albania, Tesselia, Kandiye, Gumulcine and Selanik precincts.

In the time period exceeding 5 decades, he made researches on how people live and people's distinct features. His travels, other than leaning on observatory quotations and tellings, lean on nontrivial observations and commentaries as well.

Seyahatname not only encompasses a peculiar area of study but also everything related to people. When examined prosewise, in the Ottoman society, and especially the widely popular prose style in the Ottoman Literature, he had not associated his writings with prose.

In Divan Literature, prose was another thing, and was put into words with embellishments. Evliya Celebi as an author broke this rule. He was closer to daily conversations and adopted a style that was easy to write and talk.

The style was fluent, thrilling, sometimes frolicky and satirical. He did not go on to only to convey what he heard or saw but also added his commentaries, and thoughts, thus making travel authoring gain a new comprehension.

The success he shows in storytelling lies in the well employment of the technique he uses. He does not limit storytelling in a peculiar period of time. This happens once as the author plays with the time flow of events and quotes.

Evliya Celebi, tells of two happenings of the same time period as if he saw them both at the same time. Thus, he gets rid of the concept of time. In his Seyahatname, he illustrates information and documentaries that could as well be topics of research.

Amongst these, stories, folk songs, folkloric poetry, quotations, tales, manis, differences in accent, folkloric plays, dressing styles, weddings, belief, neighboring ethique, treatments of society and objects of art cover up a special place.

Besides folkloric information, he talks about the various structures such as regional houses, mosques, fountains, inns, palaces, Turkish baths, churches, monasteries, towers, castles, city walls, roads and synagogues. He tells about the years of the construction, the builders, the one who ordered the buildings to be built and the ones who restored them.

Evliya Celebi, talks about the surroundings of the building, the weather around and everything related. Thus incorporating vividness into the subject and creating a wholeness with the ambience.

Another attribute of Seyahatname is that it gives place to styles of living of people of different places, living styles, behaviors, agricultural works, ornaments, and instruments in detail.

In some sections, he mentions the gubernatorial attribute of the district, ancient families, elders, poets, players, and missionaries in various parts in detail. The work is important language wise.

He uses the local tongue when he conveys the happenings and observations. These samplings have been useful in language researches, usage and spreading areas of words.

Although his Seyahatname became largely famous, scientifically Evliya Celebi has not been the subject of a research or work. He is thought to have died while on return from Egypt or in Istanbul."

, "THE ELDERS AND THE ASYLUM FOR THE OLD MEN

Concepts On Aging

AGE: Is divided into 2, the biological and chronological age. Although the chronological age is the same in all humans, biological age varies from individual to individual.

Chronological Age : Sum of all the years starting from birth to the present.

Biological Age : The indication of the biological step in time units.

Aged: WHO has chronologically considered aging, in 1963, and divided into 3 stages.

The Middle Aged : (45 49 years old)

The Aged : (60 74 years old)

The High Aged : (75 + years old)

Accordingly, anyone above 60 is said to be aged.

The Senectitude : Is the increase of death chance due to aging, time dependence of individual's power to adapt to the changing environment and the organism's depreciation in potential of building a balance between interior and exterior factors. In other words, senectitude is a normal physiological concept and is the incompensable make for physical and psychological strengths without ever again to restore.

AGING : Is a period of the being to end of life of the living. It can be sectioned into 4 stages.

1Development

2Growth

3Halt and Regression Start

4Regression

Aging should not only be considered as the change in physical outlook. One must think of a person with the interior and the appearance as a whole.

Aging, frequently brings up pains, paralysis of mind, confusion. The feeling of being not connected to the society, thoughts of isolation, introversion, and functions of the body, since they are suicidal changes, the aged need to be dealt with these changes with outside help.

Senectitude, is a stage where the person goes through problems and where the time of living is completed. Aging, is the beginning of dissolution, the back evolution where behaviors go back to the primordial, and a start of regression."

We tried to illustrate the errors that take place on Tubular Knitting Machine throughout production and its causes.

We targeted to assist for determining the parameters that lead to the maximum usage of the fabric traits.

before manufacturing knitted fabrics, the fabric traits have to be determined according to their usage areas, and then the fibre, surface of the knit and finishing have to be chosen.

As a result, the usage of the fabric is maximized.

We tried to investigate on the malfunctionings within the tubular knitting machines and map (illustrate) them. We studied the inefficacy of malfunctionings on the fabric quality and found out ways to resolve them.

We aimed to determine the parameters that need to be changed to meet the desired quality, and we aimed those to be of future use.

,"In this research, characterization of culture and polymerase chain reaction (PCR) of the Enterococcus faecalis which has been isolated from milkteeth canals, and endodontically infectious E. faecalis progenies' in vitro state of profiling sensitivity to differing antibiotics have been aimed. In this study, 83 necrotic and asymptotic canal samples from 145 children varying between 5 to 13 years of age and totalling 145, have been used. In the study which encompasses culture and Polymerase Chain Reaction (PCR) methods, in 20 in 83 of canals and with PCR method 22, E. faecalis was found. Results have shown that culture and PCR methods are sensitive in determination of E. faecalis found in tooth canals. E. faecalis progenies which are immune to many common antibiotics can cause very hardtocure infections. Isolates of 20 E. faecalis from 83 distinct tooth canals, have been profiled

in sensitivity to ampicilline, entromycine, chloramephenycole, vancomycine, canamycine, metranidazole, azythromycine, tetracycline, clindamycine and streptomycine and according to

Committee for Clinical Laboratory Standards (NCCLS), minimal inhibition concentration results are sensitive, semisensitive or resistant. A high ratio of resistivity against Canamycine and Metranidazole, however trivial resistivity against Amphycilline, Entromycine, and Vancromycine has been observed. Progenies are found out to be sensitive or semisensitive to other antibiotics put to test."

,"Arabic Institute (IMA) has been designed so that it is a dialogue building between what is called traditional and what is called modernism. This dialogue is attempted to be built by production of elements in Arabic architecture with new technology. With the photoelectric cells in the library's glass sect, what has been aimed was to adjust the amount of light let in, with respect to the daylight exposure. The crevice between the library and the museum opens to a vast area as the reflection of inner court in Arabic architecture.

Additionally, a dialogue between ancient city texture and modern Paris is another one of what have been aimed. For example, the structure is in simple prismatic form to adapt to Jussieu University Building, and SaintGermain Boulevard template has been taken into consideration as the height. Long metal striped glass sect imitates a window which has Venicestyle sunblinds. Sunblinds adjust the amount of light in, with respect to the daylight exposure, incessantly, with their minimotors."

One minute before noon is 11:59 a.m. One minute after noon is 12:01 p.m. Many people distinguish between noon and midnight by saying 12 noon and 12 midnight. Expressions combining a.m. with morning (6 a.m. in the morning) and p.m. with afternoon, evening, or night (9 p.m. at night) are redundant and occur most often in casual speech and writing. The online adventure game of the highly acclaimed scifi movie.

Online bir "" macera oyunu "".

Macera oyunları, araştırma, keşif, bulmaca Çözme gibi unsurları içeren, hikayeye odaklı bir çeşit video oyunu türüdür. Bu terim macere filmleri ya da macera romanlarıyla doğrudan ilgili değildir. Macera oyunlarının büyük bir çoğunluğu bilgisayar platformuna çıkmaktadır. Ancak konsol temelli macera oyunları da görülmüş değildir.

An adventure game is a type of video game characterized by investigation, exploration, puzzlesolving, interaction with game characters, and a focus on narrative rather than reflexbased challenges. The term originates from the 1970s game Adventure, and retains a narrow definition based on the style of gameplay, and not the theme or subject matter (unlike adventure films and adventure novels).

The adventure genre's focus on story allows it to draw heavily from other narrativebased media, such as literature and film. Adventure games encompass a wide variety of literary genres, including fantasy, science fiction, mystery, horror, and comedy. Nearly all adventure games are designed for a single player, since the heavy emphasis on story and character makes multiplayer design difficult.

The genre's popularity peaked during the late 1980s and early 1990s, when many considered it to be among the most technically advanced genres, and it is now sometimes considered to be a niche genre. According to the Entertainment Software Association, in 2006 Adventure Games comprised 5.7% of bestselling Computer Game Super Genres by units sold in the US, and 3.4% of Video Game Super Genres, although it is not clear how the Super Genre was defined.

Games that fuse adventure elements with action gameplay elements are sometimes referred to as adventure games (a popular example is Nintendo's Legend of Zelda series). Adventure game purists regard this as incorrect and call such hybrids actionadventures. In Europe, games which fuse action and adventure elements are sometimes called ""arcade adventure"" games. The term ""adventure game"" is used with the same meaning in North America, Europe, and Japan, and is regarded as pure genre in all regions.

""Stuck Inside Of Mobile With The Memphis Blues Again""

Oh, the ragman draws circles

Up and down the block

I'd ask him what the matter was
But I know that he don't talk
And the ladies treat me kindly
And furnish me with tape
But deep inside my heart
I know I can't escape
Oh, Mama, can this really be the end
To be stuck inside of Mobile
With the Memphis blues again.
Well Shakespeare he's in the alley
With his pointed shoes and his bells
Speaking to some French girl
Who says she knows me well
And I would send a message
To find out if she's talked
But the post office has been stolen
And the mailbox is locked
Oh, Mama, can this really be the end
To be stuck inside of Mobile
With the Memphis blues again.
Mona tried to tell me
To stay away from the train line
She said that all the railroad men
Just drink up your blood like wine
And I said ""Oh I didn't know that
But then again there's only one I've met
And he just smoked my eyelids

And punched my cigarette""
Oh, Mama, can this really be the end
To be stuck inside of Mobile
With the Memphis blues again.
Grandpa died last week
And now he's buried in the rocks
But everybody still talks about
How badly they were shocked
But me, I expected it to happen
I knew he'd lost control
When he built a fire on Main Street
And shot it full of holes
Oh, Mama, can this really be the end
To be stuck inside of Mobile
With the Memphis blues again.
Now the senator came down here
Showing ev'ryone his gun
Handing out free tickets
To the wedding of his son
And me, I nearly get bursted
And wouldn't it be my luck
To get caught without a ticket
And be discovered beneath a truck
Oh, Mama, can this really be the end
To be stuck inside of Mobile
With the Memphis blues again.
Now the preacher looked so baffled

When I asked him why he dressed
With twenty pounds of headlines
Stapled to his chest
But he cursed me when I proved it to him
Then I whispered, ""Not even you can hide
You see, you're just like me
I hope you're satisfied""
Oh, Mama, can this really be the end
To be stuck inside of Mobile
With the Memphis blues again.
Now the rainman gave me two cures
Then he said, ""Jump right in""
The one was Texas medicine
The other was just railroad gin
And like a fool I mixed them
And it strangled up my mind
And now, people just get uglier
And I have no sense of time
Oh, Mama, can this really be the end
To be stuck inside of Mobile
With the Memphis blues again.
When Ruthie says come see her
In her honkytonk lagoon
Where I can watch her waltz for free
'Neath her Panamanian moon
And I say, ""Aw come on now
You know you know about my debutante""

And she says, ""Your debutante just knows what you need

But I know what you want""

Oh, Mama, can this really be the end

To be stuck inside of Mobile

With the Memphis blues again.

Now the bricks lay on Grand Street

Where the neon madmen climb

They all fall there so perfectly

It all seems so well timed

And here I sit so patiently

Waiting to find out what price

You have to pay to get out of

Going through all these things twice

Oh, Mama, is this really the end

To be stuck inside of Mobile

With the Memphis blues again."

, "...Nebel... :)

Sorry to involve English in this game but there is something of interest, at least to me, about this word

Nebel >

nebula <http://www.etymonline.com/graphics/dictionary.gif> c.1420, nebule ""a cloud, mist,"" from L. nebula ""mist,"" from PIE *nebh ""cloud, vapor, fog, moist, sky"" (cf. Skt. nabhas ""vapor, cloud, mists, fog, sky;"", Gk. nephele, nephos ""cloud;"", Ger. nebel ""fog;"", O.E. nifol ""dark;"", Welsh niwl ""cloud, fog;"", Slav. nebo). Reborrowed from L. 1661 in sense of ""cataracts in the eye;"", astronomical meaning ""cloudlike patch in the night sky"" first recorded c.1730. As early as Hershel (1802) astronomers realized that some nebulae were star clusters, but distinction of gas clouds from distant galaxies was not made until c.1930.

UFO > Unidentified Flying Object

An Unidentified Flying Object, or UFO, is the popular term for any aerial phenomenon that cannot immediately be identified. Some definitions, such as the one used by the USAF, define a UFO as an object unable to be identified after scrutiny, while other definitions define an object as being a UFO from the time it is first reported as being unidentified, even though most subsequently become IFOs, Identified Flying Objects.

My comments : Generally the fictitious UFOs are depicted as flying saucers and baffle human mind in alleged sightings by masses of people or individuals. Books on UFOs are available from Erich Von Daniken, the author.

GPRS > General Packet Radio Service

General Packet Radio Service (GPRS) is a packet oriented Mobile Data Service available to users of Global System for Mobile Communications (GSM) and IS136 mobile phones. It provides data rates from 56 up to 114 kbit/s. GPRS is a technology which is changing the present shape of mobile communication.

My comments : Short for General Packet Radio Service, a standard for wireless communications.

Phantasmagoria (American pronunciation (help•info), also fantasmagorie, fantasmagoria) was a precinema projection ghost show invented in France in the late 18th century, which gained popularity through most of Europe (especially England) throughout the 19th century.

A modified type of magic lantern was used to project images onto walls, smoke, or semitransparent screens, frequently using rear projection. The projector was mobile, allowing the projected image to move on the screen, and multiple projecting devices allowed for quick switching of different images. Frightening images such as skeletons, demons, and ghosts were projected.

, "Is one born a natural leader or does he become one later on § It seems a quite simple question, but the answer is not that simple. Special attributes like charisma and talent in solving problems can get a leader chosen amongst a group of people.

First things first, leaders should bear the charisma and the air around them. They should be able to use this magnetism that they have. Most people fall for charisma, believe the charismatic and follow him. This carries a special importance for if the leader is unliked or unwanted, none of the followers would be of use to this group which has an undesired leader.

Secondarily, good leaders have good communication skills in order to solve problems through listening to people, and in defining the matters.

Finally, there exist more qualities to the all mentioned above. Although some are innate, learning through a period is also possible."

SUMMARY

Trade has turned into a concept of globalism by the changing demands and needs due to the developing technology. Rules of Trade of Goods and services in between countries have been determined by International Trade Chamber (MTO) which had its foundation in 1919. Rules aiming at being a common language in international trade, are being revised with respect to current conditions, by MTO.

Trade between countries should not be looked upon as only purchasing of goods and services. While the goods and services are being traded, vendors and clients in different countries take the risks of the countries in turn. Countries, with the goods and services at hand and which are under a monopoly, employ various payment methods to make their countries gain complementary income and power. In this respect, each payment method has its cons and pros on both the exporter and importer side.

In this piece of work, both economically and politically material payment methods utilized in external trade (exportation / importation) have been acted upon by the updates by MTO and investigations of the exporter and the importer kept in mind.

Keywords : Export / Import, Importer, Exporter, Payment Methods, International Trade Chamber."

,"Tosya is a town and a district of the Kastamonu Province in the Black Sea Region of Turkey. It is not definitely known as to when Tosya was first built . However, some above the terran sources show that it has 30004000 years of historical background. TOSYA went under the sovereign of Hittites, Cimmerians, Lydians, Iranians, Greeks, Romans, Byzantines, Danishmends, Ađobanođlu, Ađandarođlu Beyliks (Esquirecommand) and Ottoman Empire. The region then underwent the hegemony of PAFLAGONYA (Kastamonu) during the eras of Mongolians and Seljuks of Anatolia. The name of DOCEIA was given to Tosya during the Byzantine era. Ptolemaios reported its former name as ZAOKA.

Tosya is an old city built on the E80 subway known as Silk Road and on the side ends of Mountain Ilgaz.

Tosya city has a deep rooted tradition of textile industry. Evliya Ađelebi, —Turkish traveller and writer also called Derviř Mehmed Zilli , told that _ All of the public means of living is by weaving muayyer, because of this a lot of muayyer is bought and sold in bazaars. It was the second most important center after Ankara, where the most widespread fabrics were produced. In 1950s buckram production took start in the city. The city meets 50 % of the buckram demand of Turkey's market place alone by itself. Except for the fact that waistband lining is used as ready made in trouser production, bath glove woven from mohair and girdle which is thought especially good for backache are produced in the city. Horn stalked knife _pocket knife' which identifies with the city in the name of craftsmanship and whose typical shape was given by Rumelia immigrants settled in Tosya after Balkan Wars, has a special place in craftsmanship. As it is rare and valuable it is widely accepted as an important kind of knife by collectors.

The most important architectural piece of the town is the Abdurrahman Paşa Mosque. In the public statement, it is called 'New Mosque'. It was built in 1582, during the Reign of Murad the 3rd. The famous Turkish architect Mimar Sinan

directed the construction of the mosque from İstanbul during his late ages. The mosque displays characteristics of classical Ottoman architecture.

Besides, Tosya is famous for its rice. Tosya rice is grown in the restricted and fertile parts of the Devrez Valley. The first paddy factory of Turkey was established in Tosya with the support of Mustafa Kemal Atatürk. Tosya is also a highly developed city in terms of woodwork industry. Meeting the demands of wooden door, wooden window, furnishing etc. in Turkey's market place, Tosya has a large capacity of export in woodwork industry. Tosya City has also incomparable natural beauties. As Tosya is located on a foresty area, it has a lot of splendid picnic spots. Tosya is a hidden treasure which is worth seeing and has peerless natural beauties such as the Dipsiz Lake, Green Lake, Akurhan."

, "In order to be included in AD Garage System; Having at least the technology of 2 brands, having the vision of the sector of your own, being open to development and training, and keeping customer satisfaction on top to assimilate high quality service concept, are sufficient criteria.

All the liberal services which can display suitable manner to AD Garage concept and corporal being can join AD. After acquisition of the title Ad Garage, taking the training the system requires, acquiring spots compatible with the concept, showing the suitable manners the system offers in customer affairs are prominently required.

Features of AD Garage System:

There are 3 standard types of AD Garage systems named A,B and C. A standard is AD plazas. These are liberal spots, which are able to realize all the authorized service operations out of industrial sites where the areas are 1000 1500 meter squares large.

B standard; close to popular inhabitation centers (Etiler, Sarıyer, Ataköy, Beşiktaş, Yeşilköy, Kartal, Kadıköy etc.), situated by the important junctions, which can operate incity limits.

Every station with a standard has absolute functionality and size standards. For example, a private service can only be included in AD if it is 300 meter squares. We aim to be at every place of the sector in Turkey. We shall be in plazas, junctions and

industrial areas. Because we create alternative service operations for Turkish vehicle drivers.

Advantages of AD Garage System:

The services to be taken into AD Garage system, shall have the prerogative to be the "AD Authorized Service", employing AD Garage concept and corporal structure. Since they shall be offering spare part and service within guarantee, they shall provide a crucial competitive advantage against other authorized services. Since they will be serving multiple brands, they shall have many more customers. They shall prevail in the competitive arena with the System's training, technical support, commercials and equipment support. They shall meet European standard service quality and acquire more efficient and profitable working conditions with the structuring, personnel quality, visual details

,"In the century we are, economic and technological advances have maximized the competitive superiority a country has to have. Exportation has a great power to make the countries competitive. Especially, constrictions in the domestic

markets could be be diminished by firms getting inclined to foreign markets and can make big steps towards countries' developments.

Conventionally, exportation is the most popular way to enter international markets. Because exportation, in comparison to other means to attend international activities, is both requiring less finance and labour force for it needs less investment. And embodies lower financial risks.

Tied to that, exportation is looked upon as the important means for profitability and growth by the firms. With that, to succeed in the international markets, is not always easy for international marketing environment is less complex, more different and versatile.

The approach of the firms to exportation as just to vend products to foreign markets can make the exportation be limited to certain products and conventional buyers. Firms, in order to keep themselves with longevity and be stable, are obliged to prospect for new markets, assimilate their products and / or develop exportation goods, determine pricing strategies, opt for suitable distribution channels and be prominent in the market.

In other words, they need to assess fundamental marketing strategies and find suitable strategies in the same sense for they are the manufacturers of products to be out in the foreign markets. Thus,

exportation marketing strategies shall emerge as a factor which shall affect the success and performance of the firms showing activities in the markets."

When TV storyline has professionals who have made it and when this is put together with the complicated structure of watching and comprehending, the analyses in the area (subject) have got one degree up. As an individual although it underlines the watcher, we have got to use this facility in a balanced way."

(1258-1324) Ottoman bey from around 1300-1324, while he was the ruler of his principality from 1293. Osman is often referred to as sultan, but this title was not introduced in the empire until 1394.

<http://looklex.com/e.o/x/t.gif> Osman was the son of Ertugrul, and inherited the position of ruler over a principality with Söğüt as capital. He controlled an effective army, consisting of Muslim warriors called ghazis. While the official purpose of the ghazis were to fight the infidels, they mainly resorted to looting in enemy territory. The main opponent was Byzantium. During Osman's reign, several Byzantine fortresses were conquered, among which Yenisehir.

<http://looklex.com/e.o/x/t.gif> His main campaigns were sieging Nicaea (later, under the Turks renamed to Iznik) and Brusa (later, under the Turks renamed to Bursa). Shortly before his death, he conquered Bursa, which was made into capital of his kingdom.

<http://looklex.com/e.o/x/t.gif> With his death in Söğüt at the age of 66, Osman was succeeded by his son, Orhan.

NOT : Robber Fly >

Insects in the Diptera family Asilidae are commonly called robber flies. The family Asilidae contains about 7,100 described species worldwide. All robber flies have stout, spiny legs, a dense moustache of bristles on the face (mystax), and 3 simple eyes (ocelli) in a characteristic depression between their two large compound eyes. The mystax helps protect the head and face when the fly encounters prey bent on defense. The antennae are short, 3segmented, sometimes with a bristlelike structure called an arista. The short, strong proboscis is used to stab and inject victims with saliva containing neurotoxic and proteolytic enzymes which paralyze and digest the insides; the fly then sucks the liquefied meal through the proboscis. Many species have long, tapering abdomens, sometimes with a swordlike ovipositor. Others are fatbodied bumblebee mimics. Adult robber flies attack other flies, beetles, butterflies and moths, various bees, dragon and damselflies, Ichneumon wasps, grasshoppers, and some spiders.

,"A homojunction is a semiconductor interface that occurs between layers of similar semiconductor material, these materials have equal band gaps but typically have different doping (semiconductor). In most practical cases a homojunction occurs at the interface between an ntype (donor doped) and ptype (acceptor doped) semiconductor such as silicon, this is called a pn junction. This does not have to be the case though, the only requirement is that the same semiconductor (same band gap) is found on both sides of the junction, in contrast to a heterojunction.

,"Assassination

Two literary works dating from the end of the reign give a picture about Amenemhat I's death. The Instructions of Amenemhat were supposedly counsels that the deceased king gave to his son during a

dream. In the passage where he warns Senusret I against too great intimacy with his subjects, he tells the story of his own death as a reinforcement:

—It was after supper, when night had fallen, and I had spent an hour of happiness. I was asleep upon my bed, having become weary, and my heart had begun to follow sleep. When weapons of my counsel were wielded, I had become like a snake of the necropolis. As I came to, I awoke to fighting, and found that it was an attack of the bodyguard. If I had quickly taken weapons in my hand, I would have made the wretches retreat with a charge! But there is none mighty in the night, none who can fight alone; no success will come without a helper. Look, my injury happened while I was without you, when the entourage had not yet heard that I would hand over to you when I had not yet sat with you, that I might make counsels for you; for I did not plan it, I did not foresee it, and my heart had not taken thought of the negligence of servants.

She should be able to amalgamate her feelings with her thoughts. Such as : "" I think as such, I feel as such,etc. "" , but you can do these during the daytime. When you are of age, you'll be allowed to do whatever you like, you can even go out at night but there is still time for that. Everyone can go, but this does not imply that you can go out, too. Every family's got its own rules. You should show more patience to do these. You will go out to the nightclub, but not now. If you want, we could go out together now and then.

The mother may reward the kid's subtle demeanours by taking the kid to the night club. Thus, the kid's will shall be satisfied and the kid can be directed in a certain way. She should not quarrel with the kid, avoid a wordduel. She should show patience, regrade and should stick to her words. In time, it will be assimilated.

Sometimes, she could allow the kid to go out with her friends for a time. Assessing a behaviour or success, on weekends, she could let the kid entertain herself till 10:00 o'clock in the club."

,"2. Virtual Reality

VR, is a simulation model which grants its users an interactive medium with a dynamic environment created by computers. Its description has three fundamental discerning features making it distinct from VR (Pimental and Teixeira, 1993). Maybe the first of these is the feel of reality presented to users.

The user should be able to navigate anywhere in this environment which means he/she should sense that he/she has the control. This can only be accomplished via interaction. VR applications have got minimally to encapsulate VR glasses. This way, the user can determine his/her destination and the direction he/she is looking through, interactively. It is possible to perform a walking action by the integration of position tracking tools on these glasses in an environment created by computers.

The sense of sighting, without doubt, can be enhanced by the ability of displacing objects, feel of physical tributes and hearing senses. Naturally, these possibilities bring up the technological tools like DataGloves, which are a pair of special gloves, 3D sound concept and technological media alike.(Sui vd.,2001). As a matter of fact it should be kept in mind that the environments alluded to, are unreal, computer generated environments.

In a VR system, we need supercomputers to act in realtime. Here, computers emerge as Reality Engines (vision generators). It should be able to enable the user to access the databases pertinent to the 3D geometrics of objects, and coordinate all the sensory tools and hardware so far mentioned, via application programs."

,"Virtuality stemming from its Latin correspondence "" virtualis "" has been used for things that do not exist as concepts but as senses. TDK which has put to use the word "" sanal "" in Turkish which is "" virtual "" in English is used for concepts, creations and environments which do not exist in the real world. The term takes its root from the verb "" to pseudosense "". It all combines to a world unreal and nonexistent. However, the opposite of reality is not pretention or falsified things. Taking its cue from this point, Virtual Reality as a concept can not be thought of as an unreal lifeform. Contrarily, it

should be perceived as : over a virtual reality the sharp edges of the real world touch each other in this environment."

Assembly Language is as close as you can come to writing in machine language, but has the advantage that it's also humanreadable... using a small vocabulary of words with one syllable. Each written instruction (such as MOV A,B) typically corresponds to a single machinelanguage instruction (such as 11001001).

An assembler makes the translation before the program is executed. Back when CPU speed was measured in kiloHertz and storage space was measured in kiloBytes, Assembly was the most costefficient way to implement a program. It's used less often now (with all those kilo's replaced by mega's or giga's, and even tera's on the horizon, it seems no one cares anymore about efficiency), but if you need speed and/or compactness above all else, Assembly is the solution

S and S' as common intersection points of circles of Apollonius.

In Euclidean geometry, every triangle has two isodynamic points, usually denoted as S and S'. These points are the common intersection points of the three circles of Apollonius associated with the triangle; hence, the line through these points is the common radical axis for these circles. The centers of these circles are collinear; they all fall on the Lemoine line, which is perpendicular to the radical axis defined by the isodynamic points.

The isodynamic points have other interesting geometric properties, e.g.,

Inversion with respect to an isodynamic point transforms the original triangle into an equilateral triangle.

The pedal triangle of an isodynamic point is also equilateral.

I will try to explain a seemingly complicated situation in an ordered list.

1 2209 dated file is made up of 6768 and 192 numbered entries according to the daily Excel table. However, they are ordered 6768 and 69 as entries in Thomas' texts. Number 192 entry is a repetition of 05032009, however, since on that date we were not doing mutual business, we have not got them.

2 According to the 2309 file daily excel table, it is made up of 11245 and 617 numbered entries. However Thomas' text has them in the order of 164517. The 112nd entry is a repetition of 07022009,

however same situation I have explained above is valid here, too. We have not got it since we were not doing business together then. 617th entry is brandnew but does not appear in Thomas' texts.

This situation which is the nonexistence of the any most recent entry in the file, is perhaps not an issue we have figured out only. The closeness of the mentioned dates stem from the fact that we are antagonizing 22092009 as 192nd entry and 23092009 as 112th and 617th entries a.s.a.p. and wish you the best of luck."

f. Vestel DİŞ Ticaret A.Ş.

Vestel Sirketler Grubuna bağıll kuruluşların üretmiş olduğu renkli televizyonlar ve diğer kahverengi/ beyaz eşya ürünlerinin 1987 yılından beri yurt dışına pazarlama faaliyetlerini yürütmektedir.

V.D.T. nin şu anda yurt dışına satışını gerçekleştirmekten sorumlu olduğu ürünler, Vestel Elektronik bünyesinde üretilen renkli televizyonların yanı sıra, Beyaz eşya fabrikasında üretilen buzdolapları, Çamaşır makineleri, fırınlar ve klimalar, Vestelkom da üretilen uydu alıcıları, DVD playerlar ve Hend fabrikasında üretilen LCD ve plazma plazma TV'lerdir. 1999 yılına kadar, monitör ve bilgisayarların pazarlama ve satış faaliyetleri de V.D.T. satış şgütüne gerçekleştirilmekte iken, artık İstanbul merkezli Vestel Pazarlama A.Ş. tarafından gerçekleştirilmektedir.

V.D.T. son yıllarda renkli televizyonların yanı sıra özellikle uydu alıcılarında satış adetleri açısından büyük rakamlara ulaşmıştır. ürün gamına 2000 yılında katılan DVD player ve klimalarda da satış şgütüne yoğun görevler düşmektedir.

V.D.T. Şirketinin ihracatta oldukça başarılı olması ve satış rakamlarını her yıl katlamasının arkasında çok sağlam temeller yatmaktadır. Özellikle üretim özellikleri, Türkiye'nin coğrafi konumu ve ihracat mevzuatı açısından avantajları Vestel'i, büyük pazar olan Avrupa ve diğer tüm bölgelerde desteklemektedir. Böylece Vestel, dünya şirketleri ile rekabet edebilecek güce sahip olmakta ve dünyanın sayılı firmalarından biri konumuna gelmektedir. Avantaj yaratan noktalar şunlardır:

106

Kalite: Vestel de ISO 9001 ve ihracat yapılan ülkelerin yerel standartlarına uygunluk belgeleri bulunmaktadır.

Daha iyi kalite/ fiyat oranı: Uygun kabin tasarımları, gelişmiş şaseler ve teknolojik gelişmelere paralel, sürekli maliyet düşürme çalışmaları yapılmaktadır.

Estetik: Pazara yönelik tasarımlar, daha hızlı tamir ve daha az maliyet, daha kısa

tepki zamanlı sız konusudur.

Teknoloji: Modern ARGE faaliyetleri, yüksek seviyeli ürün özellikleri, elektronik sektörde 20 yıllık uluslararası tecrübe, kolay yedek parça ve servis sunulmaktadır.

İletişim Kolaylığı: Coğrafik yakınlık, Avrupa ile sıfır zaman farkı, Avrupa merkezlerine 3 saatlik uçuş mesafesi ve Avrupa mantığı bulunmaktadır.

Sıfır Gümrük: ATR1 sayesinde en büyük pazar olan Avrupa Pazarına Uzakdoğu Üreticilere oranla daha avantajlı girebilmektir.

B. ULUSLAR ARASI PAZAR FIRSAT ANALİZLERİ

V.D.T. içerisinde bölgesel ayrılma gidilirken özellikle dikkat edilen konu, benzer politik ve ekonomik özellikler gösteren ülkelerin aynı grup içerisinde tutulmaya çalışılmasıdır. Bununla birlikte kıtalara göre görev dağılımı da önemli bir temeli oluşturmaktadır.

Vestel Dış Ticaret içerisinde, satış ve pazarlamadan sorumlu genel müdür yardımcılığına bağlı bölgesel satış grupları üçe ayrılmış ve aralarındaki görev dağılımı şu şekilde oluşturulmuştur:

EC – 1 + Okyanusya: Sorumluluk alanı; İngiltere, Fransa, İrlanda, İskandinavya, Avustralya, Yeni Zelanda'dır.

EC – 2 + Amerika: Sorumluluk alanı; Akdeniz Ülkeleri, Almanya, Benelux Ülkeleri, Amerika kıtasıdır.

Not – EC: Sorumluluk alanı; Doğu Avrupa, CIS, Baltık Ülkeleri, Balkanlar, Orta Doğu, Afrikadır.

Vestel'in hedefi yüksek kalitedeki elektronik tüketim maddeleri üretiminde faaliyetlerine devam ederken temel iş aktivitelerindeki karlılık ve ciroda süregelen büyümeyi kontrollü bir şekilde sağlamaktır..

Vestel Avrupa'nın en büyük üreticisi konumuna gelirken ürünlerinde yüksek seviyede bir farklılaştırma becerisi geliştirmesinin büyük faydalarını görmüştür.

MÜŞTERİ isteklerine göre ÜRÜNlerde yaptığı adaptasyonlar ve modifikasyonlar ile müşteri memnuniyetini yüksek seviyede tutmaya çalışmaktadır. Bu sayede ÜRÜN çeşitliliğinde 1000 in üzerinde farklı modele ulaşılmıştır.

Avrupa TV pazarı temel olarak ikiye ayrılmaktadır; ilk grupta çok bilindik Sony, Philips gibi markalar yer almaktadır. Bu grup, satış adedinde pazarın %30'una, değerinde (value) ise %50'sine sahiptir. Bu pazarda Vestel'in OEM bazlı üretimiyle yeri %20 civarındadır. Pazarın %70ini oluşturan ikinci segment ise düşük fiyat ve hızlı teslimat üzerine kuruludur. Bu segmentte Vestel'in payı %80'dir. Bu segmentte her sene fiyatlar %5.6 düşmektedir.. Fiyat rekabeti üzerine kuruludur. Bu nedenle Vestel'in satışlarında iç pazarın payı adette toplamın %10'u olmasına rağmen, gelirden %15'dir ve cironun %30'unu oluşturur.

Vestel bambaşka dediğimiz ikincil markalara odaklanmıştır. Bu markalar dağıtıcılar, perakendeciler veya posta ile sipariş alan şirketler (Alba, Quelle, Carrefour) için tasarlanmıştır. Fakat diğer yandan, A sınıfı marka olan JVC, Hitachi gibi markalar için de üretim yapmaya başlamıştır. Bu B sınıfı markalardan A sınıfı markalar için üretim yapmaya geçiş stratejisini TV'den sonra diğer ürün grupları için de uygulamıştır. Şimdiki plan bu stratejiyi yeni TV serileri, çok gelişmiş, teknolojik TV'ler için de kullanmak üzerine odaklanmaktır.

Hem iç hem dış pazarlarda, Vestel diğer Türk üreticiler ile rekabet içerisinde, Türkiye'de Vestel Beko'nun arkasından %32'lik bir pazar payına sahiptir. Beko'nun pazar payı %42'dir. Bugün Avrupa TV pazarı yılda 35 milyon seviyesindedir ve Vestel'in Avrupa pazarındaki yüzdesi 2003'te %16'dan 2006'da %26'ya çıkmış durumdadır. Beko'nun da Avrupa'daki pazar payı ise %19'a çıkmış bulunmaktadır. Türk üreticileri Vestel, Beko ve ProfiloTelra, Avrupa pazarının %50'sini karşılayarak Avrupa'nın içinde gelen TV üreticileri durumundadırlar. Yeni büyüme stratejisi ile Vestel'in amaçları yeni teknolojiler, beceriler ve pazar bilgileri öğrenerek maksimum düzeyde gelişimi yakalamaktır. Resmi ortak girişimler

ve ittifaklardan olduĐu kadar daĐıtlımcılar ve Üreticiler ile resmi partnerlikler kurarak da ŞĐrenme sürecinde fayda gŞrmektedir. Partnerlerinin uluslararası deneyimleri ile kendi lokal bilgilerini birleřtirerek kendi becerilerini de geliřtirmektedir. Bu strateji doĐrultusunda Vestel ArGe Çalıřmalarına da büyük Őnem vermiřtir ve ABD, 108

Tayvan, UK, İsrail ve Türkiye’de ArGe yatırımlarında bulunmuř, teknoloji Üsleri açmıřtır. Bőylece Vestel Diřticaret A.Ő. ArGe faaliyetleri alıp bunu ilk kez ticarete dőken Őirket olmaktan, kendi ArGe Çalıřmaları ile teknoloji yaratan bir Őirket haline gelmiřtir.

ArGe faaliyetleri için yıllık 50 milyon dolar bütçe ayrılmakta ve 700 Çalıřan istihdam edilmektedir. . ULUSLAR ARASI PAZARLARA GİRİŐİ ÖŐNTEMİNİN BELİRLENMESİ

1. Vestel’in YurtdiŐi Satıř Firmaları

a.Vestel Iberia İpanya ve Portekiz)

1998 Şncesi Āİspanya ve Portekizde daĖınlık mÜŞteriler bulunmaktaydı.

Toplam 60 milyonun Üzerinde bir nüfusa sahip büyük potansiyeldeki İspanya ve Portekiz pazarlarını en iyi şekilde deĖerlendirmek üzere 1998 de Madrid merkezli —Vestel Iberia SL. Adlı %100 Vestel'in sahipliĖinde olan bir Şirket kurulmuştur.

Āİspanya ve Portekiz pazarları gerek tüketici Şzellikleri gerekse Ürün Şzellikleri gerekse coĖrafi ve kültürel açılardan büyük benzerlikler göstermektedir. Bu nedenle V.D.T içerisinde bu Ülkeler bir arada deĖerlendirilmektedirler. Vestel, Āİspanya ve Portekiz de kesinlikle kendi markası ile satış yapmamakta, sadece müşteri markası ile ürettiĖi Ürünleri bu pazarlara göndermektedir. Bluesky, Basic Line, Techwood, Teka, Aspes/Edesa, Electric Co, Sanyo, Hyundai, Schneider, Singer, Weltstar, Mitsai Vestel Iberia'nın satış yaptığı ve distribütörü olduĖu markalardır.

Vestel Iberia SL. Kurulmadan önce Vestel'in bŞİgedeki müşterisi olan bir ithalatçı firmanın dağıtım kanalları kullanılmakta, buna karşılık ithalatçı firmaya komisyon verilmekteydi. Günümüzde Āİspanya ve Portekiz pazarında Vestel olarak üç farklı dağıtım kanalında faaliyet gösterilmektedir. BŞİgedeki Vestel satışlarının % 75'i hipermarketlere yapılmaktadır. Şzellikle Carrefour ve Alcampo grubu bŞİge için satın alma işlemlerini doğrudan Vestel Iberia SL üzerinden gerçekleştirmektedirler. Hipermarketler çok güçlü allım gücüne sahiptir ve Ülkede satılan Ürünlerin model Şzelliklerini, fiyatlarını belirleyen en önemli faktör oldukları söylenebilir.

Televizyon, bu tür hipermarketlerde satış arttırmak için önemli promosyon aracı olarak kullanılmaktadır. Şzellikle 37 ekran gibi küçük ekran TV'ler, hipermarketlerde oldukça düşük fiyatlarla hatta maliyetine satılmaktadır. Bu tür promosyonlar sayesinde çok kısa dönemlerde, Vestel Ürünlerinde büyük satış adetlerine ulaşılması mümkün olabilmektedir. Fakat promosyonların, uzun vadede olumsuz bir etkisi ise pazarda Ürün fiyatlarının son derece düşmesine neden olmaktadır.

Diger bir dađıtlm kanalı, bđlgedeki Vestel satıřlarındaki %20'sinin gerekleřtiđi ithalati konumundaki firmalardır. Bunlar bađımsız kk perakendecilere dađıtlm sađlayan firmalardır.

Bunların yanında Vestel Iberia SL zerinden byk perakendeciler ve zincir organizasyonları (Media Market, Tien 21, Miro ve Conforoma, Benavent, Eldissa, Ebesa, Dismar) zerinde dađıtlm gerekleřtirilmektedir.

Vestel Iberia SL nin alt mřterileri olarak ařađıdaki firmalar sayılabılır.

- Carrefour,
- Alcampo,
- Sanyo İspanya/Portekiz,
- Jolnco,
- Radiopopular,
- Sonae,
- Schnelder,
- Mediamarkt,
- Fagor,
- Teka

Vestel Iberia SL merkezci ve dikey bir řrgtlenme yapısına sahiptir. Genel mdre bađlı bđlmler muhasebe ve finansman, ithalat ve dađıtlm, teknik servis departmanlarıdır.

Vestel DIř Ticaret A.ř. 'den alımlarını ađırlıklı olarak FOB olarak yapmaktadır. Yani V.D.T'nin sorumluluđu konteynerleri geminin kpeřtesinden geirip gemiye yklediđi anda bitmektedir. Bu sebepten dolayı yklerin (konteynerlerin) sevk edileceđi acente ve hattı Vestel Iberia SL. belirlemektedir ve alt mřterilerine en uygun limanlara sevklyatlar gerekleřtirilmektedir.

b. Vestel Italy S.r.l.

İtalya ithalatının %14'ünü Almanya'dan, %13'ünü Fransa'dan, %6'sını Hollanda'dan, %5'ini İspanya'dan, %23'ünü Avrupa'nın diğer ülkelerinden ve %49'unu da Avrupa dışındaki ülkelerden yapmaktadır.

Ancak malla ilgili yitik bir hasar rizikoları ile giderlerde gşrÜlebilecek artış, yükleme limanında malların gemi küpeştesini geçmesi anından itibaren satıcıdan alıcıya devredilmiş olmaktadır) olarak gerçekleştirilmektedir.

d. Vestel France S.A.

Vestel'in Fransa'daki satış ve pazarlama faaliyetleri Paris'in güneyindeki Orly merkezli Vestel France S.a. tarafından yürütÜlmektedir. Bu firma %100 Vestel'e ait olup 1996 yılında kurulmuştur.

Mitsubishi, Sansui vb. markaların Fransa'daki dağıtım ÜsrÜ olan firma

ithalattan vezgeÇerek var olan mÜŞteri portfŞyÜ ve daĞıtlm kanallı yapıslınl Vestel'e devretmiŞ ve bu Şekilde Vestel France S.A. faaliyete geÇmiŞtir. Vestel France'nin elemanları da bu distribÜtŞr firmanın elemanlarından seÇilmiŞtir.

Fransa Vestel için Avrupadaki en Şnemli daĞıtlm kanallı olan hipermarket zincirlerinin birÇoĞunun merkezi konumundadır. Bu zincirlerin Avrupa'da herhangi bir Ülkeye yapacakları alımları ile ilgili anlaşmaları, hipermarketlerin merkezlerinin bulunduĐu Fransa'da dolayısıyla Vestel France S.A. tarafından gerÇeleŞtirilmektedir. EĐer alımlar Āİspanya, Almanya gibi Vestel'in baĐlı firmalarının yer aldığı Ülkelerden birine yapılıyorsa Vestel France S.a.esas gŞrÜŞmelerden sonra baĐlantıları, o Ülkedeki Vestel Şirketlerine aktarmaktadır.

Fransa'nın Vestel'in en fazla ihracat yaptıĐı Ülkeler sıralamasında Almanya ve İngiltere'den sonra ÜÇÜncÜ sırada yer almasında Şzellikle dŞnemsal promosyonlarla büyük miktarlarda alım yapan hipermarketlerin etkisi büyükür. Hipermarketlerin dışında ev Ürünleri ve mobilyaların satıldıĐı maĐaza zincirleri, elektronik Şzel maĐaza zincirleri Vestel France S.A. nın diĐer daĐıtlm kanallarını oluŞturmaktadır.

e. Veseg Germany Gmbh

Almanya ekonomisi Avrupanın en büyük, A.B.D ve Japonya'dan sonra dÜnyanın en büyük 3. ekonomisidir. 2005 yılı ihracat rakamı 1,016 trilyon \$ dir. 82,5 milyonluk nüfusu ile Avrupa'nın en büyük Ülkesi olan Almanya Vestel'in satış yapmakta olduĐu Ülkeler arasında Çok Şnemli bir yere sahiptir.

Vestel Almanya'daki pazarlama ve satış faaliyetlerini aĐırlıklı olarak Almanyada kurulmuş olan Veseg adlı Şirket aracılıĐı ile sürdürmektedir. Almanya'da en bilinen markalardan biri olan Seg 90'li yılların ilk yarısında Vestel'in mÜŞterilerinden birtanesi iken finansal ortak arayışı sonucu Vestel ile birleşme kararı verilmiş ve Veseg kurulmuştur. Veseg'in %51'i Vestel'e %49'u ise Seg firmasına aittir.

Almanya'ya yapılan satışların tümü Veseg Üzerinden yapılmamaktadır.

Almanya merkezli iki firma daha bulunmaktadır ki bu firmalar Veseg kurulmadan önce Vestel'in çalıştığı firmalardır ve hala araya Veseg dahil edilmeden doğrudan V.D.T. Üzerinden çalışmaya devam edilmektedir.

f. Vestel Holland B.V.

Merkezi Rotterdamda bulunan Vestel Holland 01.01.1995 yılında kurulmuştur. %100 Vestel'e ait olan bu şirketin amacı bu bölgede satış gerçekleştirmek değil, Avrupa pazarındaki finansal olanaklardan ve ithalat olanaklarından faydalanmaktır.

g. Vestel UK

İngiltere'de 1996 yılından beri tek bir firma ile çalışılmaktadır ve bu firma, Vestel Üretimi televizyonların İngiltere için tek yetkili ithalatçısı konumundadır. Firma, aynı zamanda elektrikli küçük ev aletleri, temizlik aletleri, mutfak araçları, radyo, telefon gibi birçok ürünün de ithalatını yapmaktadır.

Televizyonda, farklı olarak konumlandırıldığı üç markası bulunan firma, İngiltere içerisinde çok geniş dağıtım ağına sahiptir. Bu dağıtım ağı içerisinde İngiltere'nin büyük perakendeci grupları ve ürünlerin satışını hipermarketlerde de yapan katalog firmaları yer almaktadır. Katalog firmaları yılda 2 kere katalog basmakta ve büyük satış rakamları olduğu için oldukça cazip fiyatlar sunmaktadırlar.

İngiltere'ye tüm sevkiyatlar firmanın deposunun bulunduğu Felixtowe limanına yapılmakta ve oradan ülke içerisine dağıtılmaktadır. Firmanın satış gerçekleştirdiği bazı perakendeci grupların İrlanda'da olan dağıtım kanalları sayesinde İrlanda pazarında da Vestel ürünleri yer almaktadır.

h. Vestel Romanya

Vestel, Romanya'da dört firma ile çalışmakta ve Manisa'daki TV fabrikasında, firmaların kendi markalarıyla üretimini yapmaktadır. Romanya'da bitmiş ürünlere uygulanan vergilerin AB sürecinden önce yüksek olması nedeniyle,

sevkiyatlar ağırlıklı demonte olarak yapılmaktaydı, 1 Ocak 2007 AB Üyeliğinden sonra bu bölgeye de demonte ürünler yerine tamamlanmış mamülün sevkiyatına ağırlık vermeye başlanmıştır

i. Vestel Åskandinavya:

Åskandinavya Ülkeleri Åsveç, Norveç, Danimarka, Finlandiya, İzlanda'yl da içeren Kuzey Avrupa Ülkeleri grubudur. Vestel, Åskandinavya Ülkelerine Şzellikle 1997 yılından sonra büyük önem vermeye başlamıştır

Vestel, Åskandinavya pazarındaki müşterilerinden hiçbirisine Vestel markasında ürün vermemekte, her firmanın kendi markasında OEM (fason) üretim yapmaktadır. Vestel tarafından Gotebourg'a sevk edilen ürünlerin satışlarını tüm Åskandinavya Ülkelerindeki kendi alt müşterilerine aktif şekilde sürdürmektedir. Åskandinavya Ülkelerinin birçok alanda taşıdığı benzer Şzellikler dağıtım kanalları için de geçerlidir. Hipermarketler, beyaz ve kahverengi eşya satışlarının en büyük oranda gerçekleştirdiği kanallar olup, ihracatçı firma ile ilişkide bulunarak satın alma işlemlerini doğrudan kendileri gerçekleştirmektedirler. Vestel'de yüksek satış rakamlarına ulaşmak için İsveç, Norveç ve Danimarka da Ülkelerinin en büyük hipermarket zincirleriyle çalışılmaktadır.

Hipermarketlerin yanı sıra, bu Ülkelerde var olan diğer bir tür dağıtım kanalı türü de sadece elektronik ürünlerin satışlarının gerçekleştiği Şzel mağazalardır. Bu mağazalar, gelir düzeyi daha yüksek olan sınıfa hitap eden ve üstün teknik Şzellikleri bulunan ürünlerin satıldığı mağazalardır. ürün fiyatları da buna paralel olarak daha yüksektir ve dolayısıyla daha yüksek kar marjı ile çalışılmaktadır. Vestel'in Danimarka'da yer alan bu tür bir müşteri firması yaklaşık 30 mağazasında, Şzellikle büyük ekran TV lerin satışını gerçekleştirmektedir.

Åskandinavya Ülkelerine ihraç yapan firmaların tercih ettiği çalışma yöntemlerinden birisi de Ülkede bir acenta ile anlaşmak ve o acentayla, Ülke için tam yetkili satıcı (exclusive agent) olarak belirlemektir. Uluslararası bilinirliği olan birçok

marka bu şekilde çalışmaktadır. Fakat acente ile marka sahibi firma arasındaki ilişkiler çok sağlam temeller üzerine oturtulmaktadır. Aksi takdirde iki taraf arasında anlaşmazlıklar çıkabilecektir. Vestel'in Norveç'te yer alan bir müşteri firması; çok iyi bilinen bir Japon markasının Norveç distribütörü iken, firmalar arası çıkan sorunlar sonucu Norveçli firma; yabancı bir markanın temsilcisi olmaktansa kendi markasını yaratmayı tercih etmiş ve Vestel'i de bu konuda kendine OEM (fason) üretici olarak seçmiştir.

2. Diğer Pazarlar:

a. Amerika Pazarı

Amerika kıtasına 1998 yılından itibaren önem vermeye başlanmıştır. 1998'de Las Vegas'ta gerçekleştirilen CES (Consumer Electronics Show) fuarında Vestel'in ilk kez ürünlerini sergilediği ve potansiyel müşterilerle görüştüğü fuar olmuştur. 20 milyon adetlik renkli TV pazarıyla Amerika önemli bir potansiyel taşımakla birlikte gerek Amerika'daki ürünlerin teknik özelliklerinin gerekse kalite standartlarının son derece farklı olması, bu pazara girmeyi zorlaştırmaktadır.

Şu anda Amerika kıtasında iki firma ile çalışılmaktadır. İlk Güney Amerika'daki TV, audio/video, disc player vb. Sharp, Panasonic ürünlerinin distribütörü olan Miami merkezli bir firmadır. Bu firma Amerika genelinde kendi markasını yaratmaya çalışmaktadır. Müşteri konumunda olan ikinci firma ise yine Miami merkezli ithalatçı bir firmadır. Bu firma yine kendi markası ile hem Amerika hem Kanada için, uzakdoğu ve Meksika'daki üreticilere TV yaptırmaktadır. Vestel ile çalışmaya 1999 yılında, ilk kez Kanada'ya gerçekleştirilmiş televizyon sevkiyatları ile başlamıştır.

Firmanın, hem Amerika hem Kanada'da en çok bilinen mağazalar zinciri olan, Kmart, Walmart gibi zincirlere ürün satılıyor olması, Vestel'in bu önemli dağıtım kanallarına girmesini sağlamıştır. Firmanın perakende zincirlerinden başka kullandığı ikinci dağıtım türü büyük hipermarketlerdir. Üçüncü ve son bir dağıtım türü ise, firmanın mağazalardan geri dönen ürünlerin depolandıktan sonra, onarıp tekrar

satılması işlemlerinin yapıldığı şirketler anlamına gelen refurbishment Şirketi aracılığıyla yaptığı satışlardır.

b. Avustralya ve Yeni Zelanda Pazarları

Bu bölge Vestel için özellikle ayrı bir önem taşımaktadır. Birincisi; bu bölgeye satış, dünya üzerinde yeni bir kıtaya daha satış başarmak anlamına gelmektedir. İkincisi; refah seviyesi yüksek ve pazarında kaliteli ve yüksek sınıf ürünler (büyük boy TV, düz kare ekran) bulunduğu için bu bölgeye satış Vestel için prestij sağlamaktadır. Üçüncü ARGE departmanının, ürünleri Avrupa standartlarından daha katı olan Avustralya güvenlik standartlarını karşılayarak yeni tasarımlar yapabildiğini

120 kanıtlamaktadır. Üçüncü ve en önemli neden ise uzakta da, Çin, Malezya, Kore gibi birçok TV üreticisinin bulunmasına karşın Avustralya ya çok daha uzak olan Türkiye'den Vestel'in Avustralya içerisindeki rekabete başarıyla girebildiğini kanıtlamaktadır.

Avustralya ve Yeni Zelanda bölgelerine özellikle Dubai (Jebel Ali Free Zone), Yeni Zelanda (Auckland) limanlarına konteynerler sevk edilmektedir. Vestel'den en fazla buzdolabı ihraç edilmektedir. Daha sonra Çamaşır makinesi ihraç edilmektedir. Şedeme yöntemi olarak uzun süreli müşterilerle vadesi 90 güne uzanan akreditiflerle çalışmakta, riskli müşteriler ile ise peşin satış yapılmaktadır. Müşürler en rekabetçi fiyat ile pazara sunuluyor. Çin dünyanın hemen hemen her bölgesinde olduğu gibi bu pazara da girmiş bulunmaktadır. Çin ile rekabet edebilmek için ise firma kalite politikasını vurgulamaktadır. Ayrıca Vestel'in satış sonrası hizmetinin de çok iyi olması, esnek üretim sayesinde çok ufak adetlerin dahi üretilip sevkiyatının yapılabilmesi nedeniyle özellikle Çin ile rekabet edilebilmektedir.

c. Orta Doğu ve Balkanlar Pazarları

Vestel'in Orta Doğu'da aktif olarak satış gerçekleştirdiği ülkeler, satış miktarlarına göre İsrail, Irak, Birleşik Arap Emirlikleri, Suudi Arabistan, Ürdün ve

LÜbnan olarak sıralanmaktadır. Şzellikle Āsrail, Irak ve LÜbnan'da Avrupa ve Amerika kıtalarındaki stratejilerden farklı olarak Vestel markalı Ürünlerin satışları da yapılmaktadır. Bu yüzden bu bölgedeki müşteriler pazarlama faaliyetleri açısından desteklenmektedir. Avustralya ve Yeni Zelanda pazarı için verilen bilgiler bu bölgeler için de geçerlidir.

Şzellikle İrdün (Amman), Mısır (Alexandria), İsrail (Ashdod) gibi limanlar bu bölgeler ihracat yapılırken kullanılmaktadır. Şdeme yöntemleri de ağırlıklı olarak akreditif ve peşin Şdeme yöntemleridir.

Bu bölgelerden Şzellikle Āsrail'e satışların büyük bir kısmı elektronik ürünlerinin satıldığı mağazalarda, büyük süpermarket zincirlerindeki gıda dışı ürün reyonlarında gerçekleşmektedir.

121

İrdün'e ise Şzellikle mamuller SKD (demonte) olarak sevkedilmektedir.

İrdün bitmiş Ürünlerde %40, SKD Ürünlerde ise %20 gümrük vergisi uygulayan bir ülkedir. Bu açıdan bitmiş Ürün ithal eden firmalardansa fabrikası olan üretici firmalarla çalışmak pazara daha avantajlı girmeyi sağlamaktadır.

d. Afrika Pazarı:

Vestel'in Afrika kıtasındaki faaliyetleri Şzellikle 1999 yılı sonunda sadece bu kıtadan sorumlu olacak bir satış ve pazarlama elemanının işe alınmasından sonra daha büyük önem kazanmıştır. Şzellikle Kuzey Afrika da Fas, Tunus ve Cezayir, Doğu Afrika da Kenya ve Etiyopya, Batı Afrika da Nijerya, Fildişi Sahilleri, Gana, Güneyde, Güney Afrika Cumhuriyeti, Vestel'in sürekli olarak TV satışlarında bulunduğu ülkelerdir. Afrika, istikrar açısından çok fazla güven vermeyen bir kıta olmasına rağmen Şzellikle ekonomik açıdan daha iyi düzeyde olan Kuzey Afrika ve Güney Afrika'daki Vestel satışları sürekli artmaya devam etmektedir. Tunus ve Etiyopya pazarlarına satışlar, bu ülkelerdeki üretici ithalatçı konumda olan firmalara demonte Ürün sevkıyatı şeklinde yapılmaktadır. Tunus'taki firmanın kendi markası

varken; Etiyopya'daki firma Üretimini Vestel markası altında yapmaktadır. Güney Afrika'da müşteri konumunda olan firma ise hem Vestel hem de kendi markası ile ithal ettikleri TV'leri Ülke Çapında elektronik zincir mağazalarda satmaktadır. Eskiden bitmiş Ürünlerle demonte Ürünlere uygulanan gümrük vergileri arasındaki fark fazla iken, bu farkın son yıllarda azalması sonucu Güney Afrika ya bitmiş Ürün TV ithalatı artmıştır.

Afrika pazarına sevk edilen Ürünlere özellikle gşzetim firmaları tarafından gşzetim talebi olmaktadır. Bu bölgedeki firmalar ile de Vestel ağırlıklı olarak akreditif ödeme koşulu veya peşin ödeme yöntemlerini kullanarak çalışmaktadır.

THE DETERMINATION OF GOING INTO INTERNATIONAL MARKETS

1. Vestel's Foreign Sales firms

a. Vestel Iberia (Spain and Portugal)

Before 1998, Spain and Portugal had scattered customers. A total of over 60 million population, to evaluate best the markets in Spain and Portugal and which have a large potential, in 1998 Madrid based —Vestel Iberia SL named 100% Vestel owning firm has been established.

Spanish and Portuguese markets show a great similarity in terms of client profiles , product features and geographical and cultural angles. For this reason, VDT evaluates these markets in the same class. Vestel strictly avoids to make its sales under its brand name in Spain and Portugal, and only sends its products produced by client brands. Bluesky, Basic Line, Techwood, Teka, Aspes/Edesa, Electric Co, Sanyo, Hyundai, Schneider, Singer, Weltstar,

Mitsai are Vestel Iberia's sales product names and the brands which it distributes. Before Vestel Iberia SL, Vestel was using an exporting company for its distribution channels, and was giving commissions to importing firm.

Nowadays, in the Spanish and Portuguese markets Vestel is active in 3 distinct distribution channels. Especially Carrefour and Alcampo Groups make their purchases directly via Vestel Iberia SL. Hypermarkets have a strong buying power

and can be named as the most important factor in determining domestic sales of products, model features and prices. Televisions are used as promotional in such hypermarkets to boost sales. Especially 37" screen TVs are sold at production costs at these hypermarkets. With the help of such promotions in very short terms, it is possible for Vestel to attain big sales numbers. But the main negative effect of promotions in long terms are the sudden fall of product prices in the markets.

Another distribution channel is the importing companies which regionally accomplish 20% of Vestel's regional sales.

With these, Vestel accomplishes distribution to big retailers and chain organizations via Vestel Iberia SL(Media Market, Tien 21, Miro ve Conforoma, Benavent, Eldissa,

Ebesa, Dismar).

As Vestel Iberia SL's subcustomers the following companies can be regarded

- Carrefour,
- Alcampo,
- Sanyo Ispanya/Portekiz,
- Jolnco,
- Radiopopular,
- Sonae,
- Schnelder,
- Mediamarkt,
- Fagor,
- Teka

Vestel Iberia SL has a central and vertical organization structure. Tied to general management, the sections are accounting, financing, import and distribution, and technical service departments.

Vestel Foreign Commerce JV makes its purchases heavily relying on FOB. This means, VDT is responsible only when it is loading the ships. For this reason, containers' directors and lines are determined by Vestel Iberia SL. The shipments to most Subclient proper ports are taking place.

b. VESTEL ITALY S.R.L.

In August 2001, by joint venturing, Vestel having 51% of shares has turned into a company which is based in ItalyComo.

The products exported to European market and there distributed are

c. Vestel Benelux

Belgium, Holland and Luxembourg give the name to Benelux. To make advantage of these markets and to beter penetrate to the market, Vestel Benelux Company is established which is centered in Rotterdam. 50% of the company belongs to Vestel. Vestel has affiliating 2 main partners and 8 persons. Additionaly, there exists a technical support company and a company for maintaining goods (depot).

Mediamarket, Intergamma, Steenweg, Bcc, New Vanden Borre. All purchases from Vestel are over CFR (Cost and Freight). With this the seller should meet all costs and feight costs to send the goods to destination port. However, lost damage risks and an increase in expenditures are transferred to buyer after the goods pass through the ship's rail.

d. Vestel France S.A.

Vestel's sales and marketing facilities in France are done by SouthParis situated Orly centered Vestel France S.a. This company 100% belongs to Vestel and was established in 1996.

France's distributor of brands Mitsubishi, Sansui and alike has given up on import and has transferred its existing client portfolio and distribution channel structure to Vestel SA. The employees of Vestel France have been chosen among the employees of this distributing company.

France is the host to many hypermarket chains of Europe which is important for Vestel France. Vestel France SA makes the contracts of purchase to any European country for it is based in France where most of the hypermarket centers are. If purchases are into countries where Vestel has partners like Spain and Germany, Vestel France SA after solid negotiations transfers its contacts to the Vestel firms in those countries.

With Periodical promotions, big quantity buyer hypermarkets effect is great for France being the third after Germany and England. Vestel France SA has other distribution channels as home products centers, furniture wholesalers and electronics store chains.

e. Veseg Germany GmbH

German economy is Europe's biggest economy and after the USA and Japan, is the third biggest economy in the world. 2005 export total is 1,016 trillion dollars. With its 82.5 million population, the biggest European country Germany holds a firm place amidst which Vestel makes its sales to.

Veseg makes Vestel's marketing and sales activities in Germany mostly. One of the most recognized brands Seg when in the first half of 90's was one of Vestel's clients, due to its seek of a financial partner has decided on joining Vestel and thus Veseg was established. Veseg's 51% belongs to Vestel and 49% belongs to the firm Seg.

All the sales to Germany are accomplished via Veseg. There are 2 more Germany based companies, these are the ones Vestel worked with prior to establishment of Veseg and still without Veseg intervening directly acts over VDT.

f. VESTEL HOLLAND B.V.

Vestel Holland which is centered in Rotterdam was established in 01.01.1995. 100% Vestel's property company does not aim to make the regional sales but aims to make use of financial opportunities and import opportunities in the European market.

g. VESTEL UK

Since 1996, there is only one company which is worked with, in England and this company is the sole importer of Vestel produced Televisions. The company, at the

same time makes the importation of electronic house gadgetry, cleansing goods, kitchen tools, radio and telephone.

The firm which has differently located 3 brands, has a big distribution area within England. In this network are England's biggest retailers and catalogue firms which accomplish their product sales in hypermarkets. Catalogue firms annually press, twice catalogues and since there are big sales

numbers, they present very attractive prices. All shipments within England are to Felixtowe Port, where the warehouse of the firm resides and distributed into the country from there. With the help of some of the retailers the company makes its sales to, the distribution channels to Ireland exist and thus there exist Vestel products in Irish market.

h.VESTEL ROMANIA

Vestel cooperates with 4 companies in Romania and makes its Television production in Manisa under its brand name. For the reason that taxes levied on finished products before EU term, the shipments were mainly unassembled. After 1st of June EU membership, finished products were in big quantities shipped to the region.

i.VESTEL SCANDINAVIA

Scandinavian countries are Sweden, Norway, Denmark, Finland and Iceland, Northern Europe countries. Vestel, especially after 1997 has been paying great importance to Scandinavian countries.

Vestel, in its client spectrum in Scandinavia never gives out Vestel branded goods, but each firm makes in its brand name OEM production. The goods shipped to Gotebourg by Vestel are being sold to its own subclients in an active manner.

Scandinavian countries' common points in many areas are valid for the distribution channels. Hypermarkets, white and Brown goods sales are the channels where sales take place enormously and make their own purchases via import companies. To attain big sales numbers of Vestel, Vestel cooperates with the biggest hypermarket chains in Sweden, Norway and Denmark.

Other than the hypermarkets, other distribution channels are special stores where only electronic goods are sold. These stores address high income persons' class and are where superb technical goods can be found. Relying on the fact, product prices are high and so that a higher profit margin is valid. Vestel's such client store in Denmark about 30 of them, especially wide screen televisions are sold.

One of the methods of operating of the firms exporting to Scandinavia countries is to make a deal with an agency operating in the country and make his agency a fully authorized seller (exclusive agent). Internationally recognized many brands work this way. But the relations between agency and brand name holder should be firmly set up. Otherwise, there can occur clashes between parties. When a Vestel's Norway client company was a distributor of a widely recognized Japanese brand, due to internal clashes the Norwegian firm, other than being a representative of a foreign brand has opted to create its own brand name and has chosen Vestel as the OEM manufacturer.

2. OTHER MARKETS

A. AMERICAN MARKET

American continent has been paid full attention to since 1998. In 1998 CES (Consumer Electronics Show) Fair taking place in Las Vegas has been the first ever fair where products of Vestel were exhibited and connections to potential consumers were made. With its 20 million color TV market, America holds a big significance. But what makes it hard to enter the market is the high technical features and large quality standards of the goods marketed.

Now Vestel operates with 2 companies in the American continent. The first is South American TV, audlovideo, dlsc player etc. Sharp, Panasonic distributor Miami based firm. This firm is trying to create its own brand name Americawide. The other Client is again a Miami based importer. This firm has been asking for the making of the production of TVs to both America and Canada by Far East and Mexican producers. It has begun to operate with Vestel since 1999, for the first time an export to Canada of television shipments. Since the firm sells its products to very well known stores chains like KMart and Walmart in America and Canada has enabled Vestel to enter these significant distribution channels. The firm's distribution channel is big hypermarkets other than the retail chains. Thirdly and lastly another distribution type is refurbishment which is the storage of returning goods from markets and then fixing them to sell again in the market.

B Australia and New Zealand markets

This area has a special place for Vestel. Firstly, sale to this area means the accomplishment of sales to another continent on the world. Secondly, it makes it prestigious for vestel to make sales to a highly developed and marketwise top quality and class goods such as Wide Screen TVs, flat square screen. This also proves that the ReDe department of Vestel is eligible for competing in Australian markets which

hold taller standards with respect to European markets. And ReDe can make good enough designs. The third and the most important thing is Vestel can compete in a market where there are other manufacturers such as China, Malaysia, and Korea

To Australia and New Zealand areas, especially Dubai (Jebel Ali free Zone), New Zealand (auckland) ports, containers are shipped. From Vestel largely refrigerators are being imported. Then comes the washing machines. L/Cs of 90 day term credits are the payment options for longterm clients but risky clients pay in cash. Products are being offered to the market with the most competitive prices. China, like many other markets of the world seems to have entered this market , too. To compete with China, the company takes on the policy of high quality. Other than that after sales support of Vestel is very good and nonstiff production is available in Vestel and even very small quantities can be produced and shipped. This makes Vestel to be able to compete against China.

C. MIDDLE EAST AND BALKAN MARKETS

Ordinally the active buyers in Middle east in due to their sales quantities are Israel, Iraq, United Arab Emirates, Saudi Arabia, Jordan and Lebanon. Especially different than the strategies available in Israel, Iraq and Lebanon and Europe and America continents, Vestel branded goods are being sold, too. For this reason, clients in these areas should be supported in terms of marketing facilities. The data provided for Australia and New Zealand Market are valid in this region.

Especially Jordan (Umman), Egypt (Alexandria), Israel (Ashdod) ports are being put to use when making exports to these regions. Payment options are heavily dependent on accreditive and cash.

Especially in Israel the sales are made through electronic gadgetry markets and nonfood sections of big supermarket chains.

Jordan, especially receives goods in unassembled states. Jordan is a country which levies taxes of 40% for finished products and 20% for unassembled products. For that, other than the finished

products importing firms, it is better to work with production firms which have factories in the sense of profiting in the market.

D . AFRICAN MARKET

After the year 1999's end Vestel's continent activities has gained a great significance after hiring a sales and marketing employee. The countries in Northern Africa

Morocco, Tunisia, Algeria, in Eastern Africa Kenya and Ethiopia, in West Africa Nigeria, Ivory Coast, Ghana in the South, Southern Africa Republic are the ones Vestel sells its products to. Africa, when thought in consistency does not give any assurance but North Africa and South Africa which are both economically in good shape continue to buy Vestel's products. Tunisia and Ethiopia markets receive products by shipments in unassembled form by producerimporter companies. Tunisian firm has its own brand name; in Ethiopia the brand name in sales is Vestel. The client firm in South Africa sells both its brand name and Vestel brand name imported TVs in electronic chain stores. When in the old times the difference in taxes levied to unfinished and finished products were high, it was making for Vestel to import unfinished products to South Africa but lately finished TV export has increased.

The goods shipped to African market receive demand of observation by observatory companies. The firms in this region pay by L/C or in cash to Vestel."

Prepared for quick surprise

Hes watchin for a sign
His life is on the line
Dogs whine in the alleys
Smoke is on the wind
From deep inside its empty shell
A cathedral bell begins to toll
A storm begins to grow
Amidst the upturned burnedout cars
The challengers await
And in their fists clutch iron bars
With which to seal his fate
Across his chest is scabbards rest
The rows of throwing knives
Whose razor points in challenged tests
Have finished many lives
Now facing one another
The standoff eats at time
Then all at once a silence falls
As the bell ceases its chime
Upon this sign the challengers
With shrieks and cries rush forth
The knives fly out like bullets
Upon their deadly course
Screams of pain and agony
Rent the silent air
Amidst the dying bodies
Blood runs everywhere

Impassive and alone

Unmoved by this victory

And the seeds of death he's sown

Every time you take a sip

In this smoky atmosphere

You press that bottle to your lips

And I wish I was your beer

In the small there of your back

Your jeans are playing peekaboo

I'd like to see the other half of your butterfly tattoo.

Hey that gives me an idea

Let's get out of this bar

Drive out into the country

And find a place to park.

'Cause I'd like to see you out in the moonlight

I'd like to kiss you way back in the sticks
I'd like to walk you through a field of wildflowers
And I'd like to check you for ticks.
I know the perfect little path
Out in these woods I used to hunt
Don't worry babe I've got your back
And I've also got your front
Now, I'd hate to waste a night like this
I'll keep you safe you wait and see
The only thing allowed to crawl all over you when we get there is me.
You know every guy in here tonight
Would like to take you home
But I've got way more class than them
Babe that ain't what I want.
'Cause I'd like to see you out in the moonlight
I'd like to kiss you way back in the sticks
I'd like to walk you through a field of wildflowers
And I'd like to check you for ticks.

And I'd like to check you for ticks.
I'd sure like to check you for ticks..."
,"<http://www.brucespringsteen.net/art/songs/RadioNowhere.gif>

I was tryin' to find my way home
But all I heard was a drone
Bouncing off a satellite
Crushin' the last lone American night
This is radio nowhere, is there anybody alive out there§
This is radio nowhere, is there anybody alive out there§
I was spinnin' 'round a dead dial
Just another lost number in a file
Dancin' down a dark hole
Just searchin' for a world with some soul
This is radio nowhere, is there anybody alive out there§
This is radio nowhere, is there anybody alive out there§
Is there anybody alive out there§
I just want to hear some rhythm
I just want to hear some rhythm
I just want to hear some rhythm
I just want to hear some rhythm
I want a thousand guitars
I want pounding drums
I want a million different voices speaking in tongues
This is radio nowhere, is there anybody alive out there§
This is radio nowhere, is there anybody alive out there§
Is there anybody alive out there§
I was driving through the misty rain
Searchin' for a mystery train
Boppin' through the wild blue
Tryin' to make a connection to you

This is radio nowhere, is there anybody alive out there§

This is radio nowhere, is there anybody alive out there§

Is there anybody alive out there§

I just want to feel some rhythm

I just want to feel some rhythm

I just want to feel your rhythm

I just want to feel your rhythm

I just want to feel your rhythm

I just want to feel your rhythm

I just want to feel your rhythm

I just want to feel your rhythm

,"Believe me Friends, there is no such woman ;)

Got a black magic woman

Got a black magic woman

Ive got a black magic woman

Got me so blind I can't see

That she's a black magic woman

Shes trying to make a devil out of me

Don't turn your back on me baby

Don't turn your back on me baby

Yes don't turn your back on me baby

Stop messing round with your tricks

Don't turn your back on me baby

You just might pick up my magic sticks

Got your spell on me baby

Got your spell on me baby

Yes you got your spell on me baby

Turning my heart into stone

I need you so bad, magic woman

I can't leave you alone"

,"A 60's hit by the band Manfred Mann.

<http://www.stlyrics.com/0.gif>Manfred Mann Do Wah Diddy Diddy Lyrics

There she was just awalkin' down the street, singin' ""Do wah diddy diddy dum diddy do""

Snappin' her fingers and shufflin' her feet, singin' ""Do wah diddy diddy dum diddy do""

She looked good (looked good), she looked fine (looked fine)

She looked good, she looked fine and I nearly lost my mind

Before I knew it she was walkin' next to me, singin' ""Do wah diddy diddy dum diddy do""

Holdin' my hand just as natural as can be, singin' ""Do wah diddy diddy dum diddy do""

We walked on (walked on) to my door (my door)

We walked on to my door, then we kissed a little more

Whoaoh, I knew we was falling in love

Yes I did, and so I told her all the things I'd been dreamin' of

Now we're together nearly every single day, singin' ""Do wah diddy diddy dum diddy do""

Awe're so happy and that's how we're gonna stay, singin' ""Do wah diddy diddy dum diddy do""

Well I'm hers (I'm hers), she's mine (she's mine)

I'm hers, she's mine, wedding bells are gonna chime

Whoaoh, I knew we was falling in love

Yes I did, and so I told her all the things I'd been dreamin' of

Now we're together nearly every single day, singin' ""Do wah diddy diddy dum diddy do""

Awe're so happy and that's how we're gonna stay, singin' ""Do wah diddy diddy dum diddy do""

Well I'm hers (I'm hers), she's mine (she's mine)

I'm hers, she's mine, wedding bells are gonna chime

Whoaohohoh, oh yeah
Do wah diddy diddy dum diddy do, we'll sing it
Do wah diddy diddy dum diddy do, oh yeah, oh, oh yeah
Do wah diddy diddy dum diddy do"
, "A slow gem by Mr. Mark Knopfler
I can see what you're looking to find
In the smile on my face
In my peace of mind
In my state of grace
I send what I can
To the man from the ministry
He's a part of heaven's plan
And he talks to me
Now I send what I can to the man
With the diamond ring
He's a part of heaven's plan
And he sure can sing
Now it's all I can afford
But the lord has sent me eternity
It's to save the little children
In a poor country
I got my ticket to heaven
And everlasting life
I got a ride all the way to paradise
I got my ticket to heaven
And everlasting life
All the way to paradise

Now there's nothing left for luxuries

Nothing left to pay my heating bill

But the good lord will provide

I know he will

So send what you can

To the man with the diamond ring

They're tuning in across the land

To hear him sing

I got my ticket to heaven

And everlasting life

I got a ride all the way to paradise

I got my ticket to heaven

And everlasting life

All the way to paradise"

Butterfly

Come my lady

Come come my lady

you're my butterfly

Sugar.baby

Come my lady

Come come my lady

you're my butterfly

Sugar.baby

Such a sexy,sexy pretty little thing

Fierce nipple pierce you got me sprung with your tongue ring

and I ain't gonna lie cause your loving gets me high

So to keep you by my side there's nothing that I won't try
Butterflies in her eyes and looks to kill
Time is passing I'm asking could this be real
Cause I can't sleep I can't hold still
The only thing I really know is she got sex appeal
I can feel too much is never enough
You're always there to lift me up
When these times get rough I was lost Now I'm found
Ever since you've been around
You're the women that I want
So yo, I'm putting it down.
Come my lady
Come come my lady
you're my butterfly
Sugar.baby
come my lady you're my
pretty baby ill make your legs shake
you make me go crazy
Come my lady
Come come my lady
you're my butterfly
Sugar.baby
come my lady you're my
pretty baby ill make your legs shake
you make me go crazy
I don't deserve you unless it's some kind of hidden message
to show me life is precious

Then I guess it's true
But to tell truth, I really never knew
T'll I met you... See I was lost and confused
Twisted and used up
Knew a better life existed but thought that I missed it
My lifestyle's wild I was living like a wild child
Trapped on a short leash paroled the police files
So yo. what' s happening nowş
I see the sun breaking down into dark clouds
and a vision of you standing out in a crowd.
Come come my lady
you're my butterfly
Sugar.baby
come my lady you're my
pretty baby ill make your legs shake
you make me go crazy
Come my lady
Come come my lady
you're my butterfly
Sugar.baby
come my lady you're my
pretty baby ill make your legs shake
you make me go crazy
Hey sugar momma, come and dance with me
The smartest thing you ever did was take a chance with me
Whatever tickles your fancy
Girl it's you like Sid and Nancy

So sexy....almost evil Talkin' about butterflies in my head
I used to think happy endings were only in the books I read but
you made me feel alive when I was almost dead
You filled that empty space with the love I used to chase
and as far as I can see it don't get better than this
So butterfly, here is a song and it's sealed with a kiss
and a thank you miss.

come and dance with me

come and dance with me

come and dance with me

so come and dance with me

uhhhhh ha uhhh ha

Come my lady

Come come my lady

you're my butterfly

Sugar.baby

come my lady you're my

pretty baby ill make your legs shake

you make me go crazy

Come my lady

Come come my lady

Come my lady

Come come my lady

Album's version

Two, three, four

Have you ever seen a one trick pony in the field so happy and free

If you've ever seen a one trick pony then you've seen me

Have you ever seen a one legged dog makin' his way down the street

If you've ever seen a one legged dog then you've seen me

(Then you've seen me) I come and stand at every door

(Then you've seen me) I always leave with less than I had before

(Then you've seen me) bet I can make you smile when the blood it hits the floor

Tell me friend can you ask for anything more

Tell me can you ask for anything more

Have you ever seen a scarecrow filled with nothing but dust and weeds

If you've ever seen that scarecrow then you've seen me

Have you ever seen a one armed man punchin' at nothing but the breeze

If you've ever seen a one armed man then you've seen me

(Then you've seen me) I come and stand at every door

(Then you've seen me) I always leave with less than I had before

(Then you've seen me) bet I can make you smile when the blood it hits the floor

Tell me friend can you ask for anything more

Tell me can you ask for anything more

These things that have comforted me I drive away (anything more)

This place that is my home I cannot stay (anything more)

My only faith is in the broken bones and bruises I display

Have you ever seen a one legged man tryin' to dance his way free

If you've ever seen a one legged man then you've seen me

, ""Gallows Pole""

Hangman, hangman, hold it a little while,

Think I see my friends coming, Riding a many mile.

Friends, did you get some silvers

Did you get a little gold

What did you bring me, my dear friends, To keep me from the Gallows Poles

What did you bring me to keep me from the Gallows Poles

I couldn't get no silver, I couldn't get no gold,

You know that we're too damn poor to keep you from the Gallows Pole.

Hangman, hangman, hold it a little while,

I think I see my brother coming, riding a many mile.

Brother, did you get me some silvers

Did you get a little gold

What did you bring me, my brother, to keep me from the Gallows Poles

Brother, I brought you some silver,
I brought a little gold, I brought a little of everything
To keep you from the Gallows Pole.
Yes, I brought you to keep you from the Gallows Pole.
Hangman, hangman, turn your head awhile,
I think I see my sister coming, riding a many mile, mile, mile.
Sister, I implore you, take him by the hand,
Take him to some shady bower, save me from the wrath of this man,
Please take him, save me from the wrath of this man, man.
Hangman, hangman, upon your face a smile,
Pray tell me that I'm free to ride,
Ride for many mile, mile, mile.
Oh, yes, you got a fine sister, She warmed my blood from cold,
Brought my blood to boiling hot To keep you from the Gallows Pole,
Your brother brought me silver, Your sister warmed my soul,
But now I laugh and pull so hard And see you swinging on the Gallows Pole
Swingin' on the gallows pole!"

It is widely recognized (this occupation) in our country. I think I am apt for this occupation. The smiling faces of those children affect my joyfulness. I think there is no drawback in this occupation.

I plan to study at Anatolian University in EskiŞehir. Because it is a splendor and is mentioned as the city of youngsters. I guess it is a prerogative studying there.

During the summer holidays, I love to spare some time for myself. That is why I want to be a teacher."

Crazy Janey and her mission man were back in the alley tradin' hands

'long came Wild Billy with his friend Gman all duded up for Saturday night

Well Billy slammed on his coaster brakes and said anybody wanna go on up to Greasy Lake

It's about a mile down on the dark side of route eightyeight

I got a bottle of rose so let's try it

We'll pick up Hazy Davy and Killer Joe and I'll take you all out to where the gypsy angels go
They're built like light
and they dance like spirits in the night (all night) in the night (all night)
Oh, you don't know what they can do to you
Spirits in the night (all night), in the night (all night)
Stand right up now and let it shoot through you
Well now Wild young Billy was a crazy cat and he shook some dust out of his coonskin cap.
He said, ""Trust some of this it'll show you where you're at, or at least it'll help you really feel it""
By the time we made it up to Greasy Lake I had my head out the window and Janey's fingers were in
the cake
I think I really dug her 'cause I was too loose to fake
I said, ""I'm hurt."" She said, ""Honey let me heal it"".
And we danced all night to a soul fairy band
and she kissed me just right like only a lonely angel can
She felt so nice, just as soft as a spirit in the night (all night)
In the night (all night). Janey don't know what she do to you
Like a spirit in the night (all night), in the night (all night)
Stand right up and let her shoot through me.
Now the night was bright and the stars threw light on Billy and Davy
dancin' in the moonlight
They were down near the water in a stone mud fight
Killer Joe gone passed out on the lawn
Well now Hazy Davy got really hurt, he ran into the lake in just his socks and a shirt
Me and Crazy Janey was makin' love in the dirt singin' our birthday songs
Janey said it was time to go
So we closed our eyes and said goodbye to gypsy angel row, felt so right
Together we moved like spirits in the night, all night
Baby don't know what they can do to you

Spirits in the night, all night

Stand right up and let it shoot right through you

, "Well I came by your house the other day, your mother said you went away

She said there was nothing that I could have done

There was nothing nobody could say

Me and you we've known each other ever since we were sixteen

I wished I would have known I wished I could have called you

Just to say goodbye Bobby Jean

Now you hung with me when all the others turned away turned up their nose

We liked the same music we liked the same bands we liked the same clothes

We told each other that we were the wildest, the wildest things we'd ever seen

Now I wished you would have told me I wished I could have talked to you

Just to say goodbye Bobby Jean

Now we went walking in the rain talking about the pain from the world we hid

Now there ain't nobody nowhere nohow gonna ever understand me the way you did

Maybe you'll be out there on that road somewhere

In some bus or train traveling along

In some motel room there'll be a radio playing

And you'll hear me sing this song

Well if you do you'll know I'm thinking of you and all the miles in between

And I'm just calling one last time not to change your mind

But just to say I miss you baby, good luck goodbye, Bobby Jean

SWLABR Lyrics

by Jack Bruce and Pete Brown

Coming to me in the morning, leaving me at night.

Coming to me in the morning, leaving me alone.

You've got that rainbow feel but the rainbow has a beard.

Running to me acryin' when he throws you out.

Running to me acryin', on your own again.

You've got that pure feel, such good responses,

But the picture has a mustache.

You're coming to me with that soulful look on your face,

Coming looking like you've never ever done one wrong thing.

You're coming to me with that soulful look on your face.

You're coming looking like you've never ever done one wrong thing.

So many fantastic colors; I feel in a wonderland.

Many fantastic colors makes me feel so good.

You've got that pure feel, such good responses.

You've got that rainbow feel but the rainbow has a beard."

,"Rosanne Cash with Bruce Springsteen – —Sea of Heartbreak

Stephen M. Deusner | September 22nd, 2009

<http://www.the9513.com/wpcontent/uploads/2009/09/rosannecashseaofheartbreak.jpg>When Rosanne Cash turned eighteen, her father gave her a list of what he considered the 100 essential country songs. By way of an eleventh studio album, she recorded a dozen of them with a loose, jazzy backing band and an array of guests including Jeff Tweedy, Elvis Costello, and Bruce Springsteen.

Without that backstory, The List might seem like just another covers album, like Tanya Tucker's My Turn, or, worse, a standards album in the vein of those Rod Stewart abominations. But there's obviously a story behind it, and a personal connection with each of these songs, which makes her engagement with the Songbook more akin to Johnny's American Recordings series in its scope and sound.

It's surprising to realize that Johnny never record with Bruce Springsteen, even though they both covered each other's songs over the years. Rosanne corrects that omission with a lovely version of —Sea of Heartbreak, which was a hit for Don Gibson in 1961. Johnny covered it on his 1996 album Unchained, but Rosanne's tender, understated version might even outdo her father's.

—Sea of Heartbreak shouldn't lend itself so well to a duet. After all, this is a song about extreme loneliness and hurt as romantic fallout, sung from the perspective of someone adrift and emotionally far from shore, and its lovely melody draws out its questioning syllable longingly.

But together, Rosanne and Springsteen gently reinterpret —Sea of Heartbreak as an anthem for two lost souls who don't know how close they are. They're not exes here, but potentially lovers. Her voice is gently wounded but thoughtful, investing the lyrics with care and nuance as if embracing her lonesomeness provides some form of comfort.

Bruce does his best Roy Orbison here, which suits the mood both musically and allusively and lends the song a gruff majesty whether he's backing Rosanne on the verses or singing lead on the short bridge. They make a great pair with electric chemistry, so why couldn't they just make a full album of duets togetherş

The lights in the harbour, don't shine for me

I'm like a lost ship, adrift on the sea

The sea of heartbreak

Lost love and loneliness

Memories of your caress

So divine, how I wish

You were mine, again my dear

I'm on this sea of tears

Sea of heartbreak

How did I lose you?

Oh, where did I fail?

Why did you leave me?

Always to sail

This sea of heartbreak

Lost love and loneliness

Memories of your caress

So divine, how I wish
You were mine, again my dear
I'm on this sea of tears
Sea of heartbreak
Oh, what I'd give to sail back to shore
Back to your arms once more
Come to my rescue
Come here to me
Take me and keep me
Away from the sea
The sea of heartbreak
Lost love and loneliness
Memories of your caress
So divine, how I wish
You were mine, again my dear
I'm on the sea of tears
Sea of heartbreak
Sea of heartbreak
Sea oh heartbreak"

They collected charities and secondhand clothes from door to door, stored up them in the old mortuary of the mosque.

In the beginning, food and clothings were dealt out to almost 150 families in need.

In 4 years time, this light that was lit by 9 willing women grew up with helpful and willing people, lightened more places (fields) ...

Hundreds of families are regularly provided with food, clothing, and support for rent payments.

Health checks are carried out regularly.

Tens of people got supports for surgery bills.

During the day, visits are made to determine families in need.

But care is taken on delivering aids nighttime.

Scholarships are awarded to 35 university students.

Every Ramadan, food packets are dealt out.

Meats are dealt out in Eid alAdha.

Also meat of votie sacrifices are dealt out yeararound.

in Eids new clothings are given as gifts especially to children.

with income, it awards more scholarships to more university students.

While doing these, they (are aware) (know) that kind communication and smiling are better than charity followed by injury.

Reason of their succes is the responsibility of its name.

Not just material supports, free training activities are increasing day by day.

English and mathematics lessons were given to children and teenagers.

Foreign language lessons were given to women.

In summer, Quran lessons are given to children and women.

They put up a bridge between willing people and people in need with —sworn brother campaign .

Willing people save their blood types and phone numbers and the organization reaches them when the sick need blood and transfuses blood between each other.

Annually, they undertake lots of activities.

What will they do in future?

What are their dreams and aims?

They aim to have a frame,

with more orderly formation

to do better things

in a shorter time...

And this depends on dreams, resolutions and hopes of new willing people.

So they are looking forward to willing people who say — what can I do?

Come on!

,"When I was a kid, everything was much better. We did not have the possibilities / opportunities of today's children, but anyway we were blissful. I, especially, reminisce the summer nights. During late hours, we had our time out. Playing games. Sometimes we went to see a movie at the cinema. Nowadays, computers and TVs alienate and leave the youngsters by and to themselves. Young ones do not have many friends / acquaintances. Usually, they are spending their time home. In the times of ours, things were pretty different. The families gathered whole, at suppers / dinners. We used to have intimate conversations and tell short humorous stories to each other. We had much fun, indeed. Now, what's even so much different is : people have their meals in front of their TVs. They do not talk to each other. Children avoid to think of lives which are without TVs and computers. Our times were harder. But I sometimes can not keep from thinking to myself : "" We were luckier! ""."

$\int (\mathbf{F} \cdot d\mathbf{r}) = \Delta (KE)$ where \int integral from initial to end state (location change vector) and \mathbf{F} denotes summation of all external Forces as vectors, $d\mathbf{r}$ is the displacement vector. $\Delta (Kinetic Energy (K.E.)) = \text{change in } (mV^2) / 2$

As in thermal equations it adds upto (Exemplified in a piston) :

$\Delta(U)$ change in internal energy of the gas in the container = Q Heat loss or gain by the system (pos. if gain) W Work Done by the gas

All Energies , this way or that way, sum upto the Energy due to motion of the inertial mass (Kinetic Energy), and Heat (Still the average K.E. of all the atoms / molecules)

Potential Energy is nothing but a madeup concept where the relative height of the mass to the reference point is named as h (perpendicular) and mass \times the gravitational constant (g)

In any case, one can say : " All External Forces Acting on a Newtonian Solid " dotted with the displacement vector yield the change in Kinetic Energy.

In a wave form energy $> E = hf$

h : Planck Constant

f : frequency of the wave in propagation

In Electricity $E = \int (V I) dt$ (still in close relationship with the K.E of electrons in motion)"

And I heard as it were the noise of thunder

One of the four beasts saying come and see and I saw

And behold a white horse

Song

There's a man going around taking names

And he decides who to free and who to blame

Everybody won't be treated all the same

There'll be a golden ladder reaching down

When the Man comes around

The hairs on your arm will stand up

At the terror in each sip and in each sup

Will you partake of that last offered cupŖ

Or disappear into the potter's ground

When the Man comes around

Hear the trumpets, hear the pipers

One hundred million angels singing

Multitudes are marching to the big kettledrum

Voices calling, voices crying
Some are born and some are dying
It's Alpha and Omega's kingdom come
And the whirlwind is in the thorn tree
The virgins are all trimming their wicks
The whirlwind is in the thorn tree
It's hard for thee to kick against the pricks
Till Armageddon no shalam, no shalom
Then the father hen will call his chickens home
The wise man will bow down before the throne
And at His feet they'll cast their golden crowns
When the Man comes around
Whoever is unjust let him be unjust still
Whoever is righteous let him be righteous still
Whoever is filthy let him be filthy still
Listen to the words long written down
When the Man comes around
Hear the trumpets, hear the pipers

,"Autotomy (Ototomi) , by burakaltr.

<http://tr.wikipedia.org/wiki/Ototomi>

Autotomy (Yunan auto = kendi, tomy= kesmek) veya kendi uzuvunu kesip atmak, hayvanların bir veya daha fazla uzvunu bilerek kaybetmesidir. Genellikle, avcı (predator) dan kurtulmak için yapılır. Kayıp olan gövde organı daha sonra rejenere olabilir. SURUNGENLER Geckolar, skinkler ve diğer kertenkeleler, kuyruklarını feda ederek, katabilirler. Ayrılan kuyruk, hareket etmeye devam eder ve avcının dikkatini üzerine alır, böylece de kurban kazar. Birkaç haftada kuyruk bolumsel olarak yerine gelebilir. Yeni bölüm, kırıldıktan oluşur (kemik değil) ve bu kısmın deri rengi daha farklı olur. Genellikle daha koyu renkli ve hiç ya da daha az desenli. Ototomi, kertenkelelerde omurgadaki özel yağlı bölgelerle mümkün olur. Esas olarak, kertenkele bölgesel kuyruk kasını kasar ama omurga ayrılır, kuyruk değil. Kanamayı azaltmak için Sphincter kasları (Caudal atardamar) civarında kasılır.

OMURGASIZLAR Diğer hayvanlar, ahtapotlar, yengeçler, deniz yıldızları, istakozlar ve orumcekler, hayatta kalmak için, uzuv kaybedip, rejenere edebilirler. Ototomi, bazı ahtapotlarda, hayatta kalmak ve üremek için kullanılır. Özel çiftleşme uzantısı (hectocotylus) erkekten çiftleşme sırasında ayrılır ve disinin mantle boşluğunda kalır. Eviscerasyon, deniz hıyarlarının , baskı altında, iç organlarından kurtulması da bir çeşit ototomidir ve kaybolan organ zamanla yerine gelir. ARILAR (OZEL BAKIM DURUM) Bazı bal arılarının igneleri özel bir durumdur. Ayrılan iğne gangliona sahiptir ve iğne kurbanı daha da girer (iğne saflı hareket eder.), zehir kesesi de, iğne ayrıldıktan sonra ehir salgılamaya devam eder. Birçok ototomi durumundan farklı olarak, arı bir süre sonra olur (yenilenme olmaz). Butun gerçek bal arıları (cins : Apis) bu ototomi cesidini barındırır. Başka hiçbir iğne sahibi arı, yellowjacket wasps, Meksikan Bal waspları da rejenere olmaz ki igneleri kancalıdır. Kralice bal arısının ignesinde kanca yoktur ama

ototomi de görülmez. Bal arılarının erkekleri, çiftleşme sırasında ototomiye uğrar, genital organ kralicenin içinde kalır ve daha sonraki erkek arılar bundan kurtulmalıdırlar. Erkek arılar, çiftleşme sonrası olurlar."

In the project herein it is aimed to manifest in whatever various ways Walter Lippman's been influenced by Gordon Allport and to put forth the concepts and ideologies, in general, form and explain how publicity is created and how these 2 scientists express them. Taking the cue from this point on, it is clearly disclosed what kind of a relation there exists between personality and bias and however these 2 concepts pay homage to express publicity and however it is solidified. In this very point, there exists a relation between bias and personality and illuminates within a frame of these 2 concepts what Lippman and Allport's points of view explain how publicity is and how it solidifies."

,"There exist many hypotheses and approaches on however public opinion takes form. These hypotheses and approaches shed light on public opinion as a concept, moving radially from political science, sociology, psychology, social psychology and political psychology in the framework of many concepts. And put forth the fundamentals of bias : "" stereobias""."

From Wikipedia, the free encyclopedia

Astrology is a group of systems, traditions, and beliefs which hold that the relative positions of celestial bodies and related details can provide information about personality, human affairs and other ""earthly"" matters. A practitioner of astrology is called an astrologer. Astrologers believe that the movements and positions of celestial bodies either directly influence life on Earth or correspond to events experienced on a human scale. Modern astrologers define astrology as a symbolic language, an art form, or a form of divination. Despite differences in definitions, a common assumption of astrologers is that celestial placements can aid in the interpretation of past and present events, and in the prediction of the future.

Astrology is considered a pseudoscience or superstition by the scientific community, which cites a lack of statistically significant astrological predictions, while psychology explains much of the continued faith in astrology as a matter of cognitive biases. In

2006 the U.S. National Science Board published a statement which said it considers belief in ten survey items, astrology among them, to be ""pseudoscientific"".

Numerous traditions and applications employing astrological concepts have arisen since its earliest recorded beginnings in the 3rd millennium BC. Astrology has played an important role in the shaping of culture, early astronomy, the Vedas, and various disciplines throughout history. In fact, astrology and astronomy were often indistinguishable before the modern era, with the desire for predictive and divinatory knowledge one of the motivating factors for astronomical observation. Astronomy began to diverge from astrology after a period of gradual separation from the Renaissance up until the 18th century. Eventually, astronomy distinguished itself as the empirical study of astronomical objects and phenomena, without regard to the terrestrial implications of astrology.

The word ""astrology"" comes from the Latin term astrologia (""astronomy""), which in turn derives from the Greek noun αστρονομία: αστρον, astron (""constellation"" or ""star""), and λογία, logia (""the study of"").

(Redirected from Seraphim)

Seraphim (Heb. שֶׁרָפִים, Seraphim, sing. שֶׁרָפָּן, Seraph, Lat. seraph, pl. seraphi, Gr. ἑρραφίμ) are a class of celestial beings in Judaism and Christianity. Literally

"burning ones", the word is normally a synonym for snakes when used in the Hebrew bible, but they are mentioned in the Book of Isaiah as fiery sixwinged beings attending on God. They appear again as celestial beings in an influential Hellenistic work, the Book of Enoch, and a little later in the Book of Revelation. They occupy the fifth of ten ranks of the hierarchy of angels in medieval and modern Judaism, and the highest rank in the Christian angelic hierarchy.

Turkey (Turkish: Türkiye), known officially as the Republic of Turkey (<http://upload.wikimedia.org/wikipedia/commons/thumb/8/8a/Loudspeaker.svg/11pxLoudspeaker.svg.png> Türkiye Cumhuriyeti (help•info)), is a Eurasian country that stretches across the Anatolian peninsula in western Asia and Thrace (Rumelia) in the Balkan region of southeastern Europe. Turkey is one of the six independent Turkic states. Turkey is bordered by eight countries: Bulgaria to the northwest; Greece to the west; Georgia to the northeast; Armenia, Azerbaijan (the exclave of Nakhchivan) and Iran to the east; and Iraq and Syria to the southeast. The Mediterranean Sea and Cyprus are to the south; the Aegean Sea to the west; and the Black Sea is to the north. The Sea of Marmara, the Bosphorus and the Dardanelles (which together form the Turkish Straits) demarcate the boundary between Eastern Thrace and Anatolia; they also separate Europe and Asia.

Turks began migrating into the area now called Turkey ("land of the Turks") in the eleventh century. The process was greatly accelerated by the Seljuk victory over the Byzantine Empire at the Battle of Manzikert. Several small beyliks and the Seljuk Sultanate of Rum ruled Anatolia until the Mongol Empire's invasion. Starting from the thirteenth century, the Ottoman beylik united Anatolia and created an empire encompassing much of Southeastern Europe, Western Asia and North Africa. After the Ottoman Empire collapsed following its defeat in World War I, parts of it were occupied by the victorious Allies. A cadre of young military officers, led by Mustafa Kemal Atatürk, organized a successful resistance to the Allies; in 1923, they would establish the modern Republic of Turkey with Atatürk as its first president.

Turkey's location at the crossroads of Europe and Asia makes it a country of significant geostrategic importance. The predominant religion in Turkey is Islam with small minorities of Christianity and Judaism. The country's official language is Turkish, whereas Kurdish and Zazaki languages are spoken by Kurds and Zazas which comprise 18% of the population.

Turkey is a democratic, secular, unitary, constitutional republic, with an ancient cultural heritage. Turkey has become increasingly integrated with the West through membership in organizations such as the Council of Europe, NATO, OECD, OSCE and the G20 major economies. Turkey began full membership negotiations with the European Union in 2005, having been an associate member of the European Economic Community since 1963 and having reached a customs union agreement in

1995. Turkey has also fostered close cultural, political, economic and industrial relations with the Middle East, the Turkic states of Central Asia and the African countries through membership in organizations such as the Organisation of the Islamic Conference and Economic Cooperation Organization. Given its strategic location, large economy and army, Turkey is classified as a regional power.

Guybrush

Threepwood http://upload.wikimedia.org/wikipedia/en/thumb/5/5f/Guybrush_Threepwood.png/240pxGuybrush_Threepwood.png

Guybrush Threepwood in Tales of Monkey Island Series Monkey Island First game The Secret of

Monkey Island (1990) Created by Ron Gilbert Voiced by Dominic Armato Guybrush Ulysses Threepwood is the main character of the Monkey Island series of computer adventure games by LucasArts. The voice of Guybrush is actor Dominic Armato in the third, fourth and fifth games, as well as the enhanced remakes of The Secret of Monkey Island and Monkey Island 2: LeChuck's Revenge. Though a mighty pirate by his own account, it is a running joke throughout the games for characters to garble Guybrush Threepwood's unusual name, either deliberately or accidentally, including "Creepwood", "Sheepgood", "Thriftweed", "Peepwood", "Threepwillow", "Gorbush" and "Threewood". He is also referred to as "Fancy Pants".

The origin of the name "Guybrush" comes in part from Deluxe Paint, the tool used by the artists to create the character sprite. Since the character had no name at this point, the file was simply called 'Guy'. When the file was saved Steve Purcell, artist responsible for the sprite, added 'brush' to the file name, indicating that it was the Deluxe Paint "brush file" for the "Guy" sprite. The file name was then "guybrush.bbm", so the developers eventually just started referring to this unnamed 'Guy' as "Guybrush". Guybrush's surname "Threepwood" was decided upon in a

company contest and is derived from P. G. Wodehouse's family of characters including Galahad Threepwood and Freddie Threepwood (with whom he shares similar characteristics).

"Threepwood" is also rumoured to have been the name of Dave Grossman's RPG character.

The Massachusetts Institute of Technology (MIT) is a private research university located in Cambridge, Massachusetts. MIT has five schools and one college, containing a total of 32 academic departments, with a strong emphasis on scientific and technological research. MIT is one of two private landgrant universities and is also a seagrant and spacegrant university.

Founded by William Barton Rogers in 1861 in response to the increasing industrialization of the United States, the university adopted the European university model and emphasized laboratory instruction from an early date. Its current 168acre (68.0 ha) campus opened in 1916 and extends over 1 mile (1.6 km) along the northern bank of the Charles River basin. MIT researchers were involved in efforts to develop computers, radar, and inertial guidance in connection with defense research during World War II and the Cold War. In the past 60 years, MIT's educational disciplines have expanded beyond the physical sciences and engineering into fields like biology, cognitive science, economics, philosophy, linguistics, political science, and management.

MIT enrolled 4,232 undergraduates and 6,152 graduate students for the Fall 2009–2010 term. It employs about 1,009 faculty members. Its endowment and annual research expenditures are among the largest of any American university. 75 Nobel Laureates, 47 National Medal of Science recipients, and 31 MacArthur Fellows are currently or have previously been affiliated with the university. The aggregated revenues of companies founded by MIT alumni would be the seventeenth largest economy in the world.

The Engineers sponsor 33 sports, most of which compete in the NCAA Division III's New England Women's and Men's Athletic Conference; the Division I rowing programs compete as part of the EARC and EAWRC."

I Think I see my friends coming, Riding a many mile.

Friends, you get some silvers

Did you get a little gold

What did you bring me, my dear friends Keep me from the Gallows Pole.

What did you bring me to keep me from the Gallows Poles

I couldn't get no silver, I couldn't get no gold,
You know that we're too damn poor to keep you from the Gallows Pole.
Hangman, hangman, hold it a little while,
I think I see my brother coming, riding many a mile.

Did you get a little gold§
What did you bring me, my brother, to keep me from the Gallows Poles
Brother, I brought you some silver, yeah.
I brought a little gold, I brought a little of everything
To keep you from the Gallows Pole.
Yes, I brought you to keep you from the Gallows Pole.
Hangman, hangman, turn your head awhile,
I think I see my sister coming, riding many mile, mile, mile.
Sister, I implore you, take him by the hand,
Take him to some shady bower, save me from the wrath of this man,
Please take him, save me from the wrath of this mad, man.
Hangman, hangman, upon your face a smile,
Tell me that I'm free to ride,
Ride for many mile, mile, mile.
Oh yes, you got a fine sister, She warmed my blood from cold,
She warmed my blood to boiling hot to keep you from the Gallows Pole,
Your brother brought me silver, Your sister warmed my soul,
But now I laugh and pull so hard, see you swinging from the Gallows Pole
But now I laugh and pull so hard, see you swinging from the Gallows Pole
Swingin' on the gallows pole!

The families and the society ought to be taking parts in decisiveness in process and it's so nontrivial that translators are put to use. Helping a child or a young one to keep bonds with their culture is most crucial to their development in the long term and wellbeing, each and every attempt should be made by carers as well as the staff in question to help undaunt the bonds.

If the kids or the young ones are aborigines, then child protectiveness is inevitable if or not the aborigine be expelled from home care. The child has to be located in an extended family or kins and when impossible to do so, some other extended family can be opted for. When an aborigine kid is undisplaced with aboriginal caretaker, carer and staff shall be involved in the improvement of cultural backup scheme so that the aborigine kid is disabled as to shatter his/her cultural roots."
